# BOARD ENFORCES LUMBER MINIMUM WAGE

## 242 CANDIDATES CONTESTING 110 SEATS IN THE LEGISLATURE OF ONTARIO ON DECEMBER 1

General Election Will Decide if Province to Have Gov-  
ernment Sale of Liquor; Official Nominations Held  
Last Saturday; Two Conservatives Given Acclama-  
tions; Campaign Now at Its Height

Toronto, Nov. 22.—With official nominations made and the polling just nine days away, the Ontario general election campaign is reaching its greatest intensity. Hon. Charles McCrea, in Sudbury, and W. D. Black, in Addington, Conservatives, were elected Saturday by acclamation, but in the other 110 constituencies 242 candidates were officially nominated and 242 are vigorously campaigning to-day, Patrick Sullivan having withdrawn in Toronto-St. Georges after being nominated.

Mr. E. N. Sinclair, Liberal leader, will address a meeting at Claremont this afternoon and one at Port Perry, in the constituency of South Ontario to-morrow.

Premier G. H. Ferguson will speak at Tweed this afternoon and at Nanapanee to-night. Mr. Ferguson is leading the Conservatives, who are appealing for a renewal of office on a policy of Government control and sale of liquor under a system of local option.

### SAYS PEOPLE BETRAYED

Mr. Sinclair, in an address at Whitby, vigorously arraigned Premier Ferguson for "betrayal of the people by violating his solemn pledge to abide by their will on the liquor question." The Liberals, he returned to power, would entirely wipe out the amusement tax and declared Premier Ferguson was misrepresenting the conditions of provincial finances with the object of popularizing his Government liquor control plan.

### FERGUSON'S OWN POLICY

At Picton, W. E. Raney, Progressive leader, condemning the redistribution bill, asked whether Premier Ferguson or the people should be master in this province. He charged that the Government liquor control policy was Premier Ferguson's own and not the platform of the Conservative Party.

### FERGUSON'S VIEWS

At a nomination meeting in Prescott, Grenville County, last Saturday, Premier Ferguson declared his Government did not propose to establish a liquor system such as that in British Columbia or Quebec. "We propose to control the traffic by education and bring about sobriety among the people of Ontario," he said.

He thought the Federal customs inquiry had been diverted from Ontario while the election campaign was proceeding because revelations might prove the Conservative charges correct. Polling throughout Ontario is set for December 1.

## THE DUCHESS OF TORLONIA IS ASKING DIVORCE DECREE

New York, Nov. 22.—Another marriage between United States dollars and European nobility has gone into the courts. The New York American says:

The Duchess of Torlonia, the former Eleonora Moore, daughter of Charles A. Moore, wealthy shipbuilder of New York (Greenwich), Conn., has started suit for divorce in Connecticut. She names Marie Lorenzoni, said to be of royal Italian blood, as co-respondent.

The Duke intends to fight the suit. The couple separated in 1925.

## Indian Is Tried At Prince Rupert On Murder Charge

Prince Rupert, Nov. 22.—The trial of Joseph Sankey, an Indian, charged with having murdered Loretta Chisholm at Port Essington on May 23 last, commenced this morning before Mr. Justice D. A. Macdonald here. The trial will probably last till Wednesday as there are numerous witnesses, including natives whose evidence must be interpreted.

## \$300 A WEEK FOR PEACHES BROWNING

White Plains, N.Y., Nov. 22.—Mrs. Frances Monan (Peaches) Browning was awarded \$300 a week alimony and counsel fees of \$5,500 pending settlement of her suit for separation from her husband, Edward Browning, wealthy middle-aged realtor, by Justice Morschauer here to-day.

## DELEGATES TRAVEL TO KAMLOOPS FOR TORY CONVENTION

Bowser and Ladner Men  
Make Drives For Support  
Among Delegates

Provincial Leader of Party to  
Be Chosen Wednesday  
Next

### By Times Staff Representative

Vancouver, Nov. 22.—While Conservative leaders and their followers from points throughout British Columbia were crowding into Vancouver to-day on their way to the provincial convention of their party in Kamloops to-morrow, the result of the race for the party leadership was more in doubt than ever.

Supporters of W. J. Bowser, K.C., and Leon J. Ladner, M.P.-elect, both claimed majorities at Kamloops, but with these claims came definite indications the fight would not be confined to these two candidates if the two rival forces should prove fairly equal. Talk among convention delegates centred to-day around possible dark horses who could break a deadlock between Mr. Bowser and Mr. Ladner. R. L. Maitland, president of the British Columbia Conservative Association, although he has announced definitely he will not run, is most spoken of as a possible third entrant in the contest. The name of H. B. Thomson, former wheel horse of the McBride Administration, was advanced to-day as a possibility.

### McRAE'S POSITION

That Major-General A. D. McRae, head of the ill-starred Provincial Party and now a member-elect of the Federal Parliament, will be nominated for the provincial leadership is certain, according to his friends. This move, however, will only provide an excuse for the general to come out in the open and swing whatever strength he possesses to Mr. Ladner. General McRae is credited in Vancouver with being the real force behind the Ladner campaign. Mr. Ladner's friends are counting strongly on the effect of an open declaration from him in favor of their candidate.

### BOWSER CONFIDENT

Mr. Bowser arrived here this morning en route to Kamloops, but was silent on the prospects of the fight. It is known, however, that he is confident of a majority and does not look in the morning until past sundown.

### NOT FEARED

Mr. Bowser's friends do not fear the antagonism of General McRae, which has been so secret to them. They believe, in fact, that it will alienate a large number of Conservatives from Mr. Ladner because they object more to the general than they do to Mr. Bowser.

## ROADHOUSE CASES TO BE APPEALED

C. Russell, South Vancouver,  
Given Six Months; J. B.  
Hamfin Three Months

Vancouver, Nov. 22.—Found guilty of being the keeper of a gaming house at the Kingsway Roadhouse in South Vancouver, Charles Russell, in district police court here to-day, was sentenced by Magistrate H. C. Alexander to imprisonment for six months in Okalla jail with hard labor, which is the maximum penalty.

A sentence of three months' imprisonment in Okalla jail was imposed on Joseph Benedict Hamfin, doorman of the Kingsway, who was convicted of obstructing provincial police officers.

### FINES PAID

Louis Coleman, Sam Balcom and Fred Jones pleaded guilty to being inmates of The Narrows Roadhouse, and were each sentenced to fine of \$100 or two months in jail. The fines were paid.

Herbert Ford, charged with selling liquor at The Narrows, pleaded guilty and was sentenced to a fine of \$500 or three months in jail.

### William Hays of The Narrows

charged with selling liquor and having unsealed liquor in his possession, was fined \$500 and \$50 respectively, in each case.

## ARMED SLAYER ELUDES POSSE IN HIS FLIGHT

Man Hunt Continues For O. E.  
McMann Despite Suspicion  
of Suicide

Sought by the police for  
murder, O. E. McMann, who shot  
and killed George Michie at  
Timberlands Saturday, is either  
a fugitive in the woods some-  
where north and west of Lad-  
smith or else he has taken his  
own life and thus stemmed the  
course of justice, according to  
Provincial Police headquarters  
at Nanaimo.

Staff-sergeant H. H. Stephens is directing the posse which is tracking the slayer into the island woods. Staff-sergeant Stephens admitted the possibility of suicide over the long-distance phone this morning.

He spoke of the case which the force was exercising in guarding against an escape of the slayer of Michie. The shot which was heard after McMann had fled may have been fired, it is suggested, merely as a blind to pursuers and the law or to put E. Jones and V. Matsa also threatened, in a false mental state of security.

It was within a few hours of the killing of Michie that Provincial Police constables were on his murderer's trail. Staff-sergeant Stephens ruled from Nanaimo to the posse to direct the man-hunt. To-day he returned to his quarters having nothing to report. Searchers had failed to trace McMann, he said.

"The men will stay in the bush until they find something," he said. "There are nine of them searching. The underbrush is waist high and almost impossible to travel through. The man they seek might be lying dead, hiding a few feet from them and never be seen."

### DANGER OF PURSUIT

It is admitted that if McMann is alive there is infinite danger in pursuing him. He is a murderer, and a man who has sworn vengeance on two others.

He is a man who knows how to use firearms. He is cruel and deliberate in his actions, as the scene at Timberlands' Camp No. 2 proved beyond a doubt, where he shot Michie, first through the stomach with a rifle and then through the head with a revolver, Michie was defenceless.

## VICTORIA WOMAN INJURED IN SEATTLE

Mrs. J. G. Allan Was Knocked  
Down; Nose Fractured;  
Shoulder Dislocated

Seattle, Nov. 22.—Twenty-four persons were injured in a week-end automobile accident in and near Seattle. Two men who were critically hurt Saturday remained unconscious today.

Mrs. Mina Allen, sixty-four, of Victoria, B.C., was struck by a machine driven by C. K. Rose of Seattle last night near Rose's home. Mrs. Allen's nose was fractured, one shoulder was dislocated and her back and left knee were bruised.

Mrs. John G. Allan of 119 Rendall Street, injured when struck by an automobile in Seattle, left Victoria last Friday to visit her daughter in Tacoma.

### BIG STORM DAMAGE IN SOUTHERN FRANCE

Paris, Nov. 22.—With the skies raining mud and large hailstones breaking thousands of windows on the Riviera, Southern France has just had a taste of the climatic disorders that have been sweeping large parts of the world. The damage is estimated at 150,000 francs in broken glass and several score people were cut and bruised by the hail.

The rain of mud was the first since 1892. This phenomenon happened when an especially violent hot wind from North Africa, laden with fine particles of sand, reaches France at a low altitude and passes under the rain clouds. The rain then carries the dust to the earth. Mud deposits an inch deep have been discovered in some sections.

### Mud and Hail Came Down; People Bruised and Many Windows Broken

London, Nov. 22 (By cable from George Hambleton, staff correspondent of the Canadian Press)—Public opinion in Great Britain, as represented by the press outside of London, especially in the north of England, welcomes the decisions of the Imperial Conference and open declaration of the conference did not attempt to lay down a constitution for the Empire, says such a task was impossible and itself, for even if it were done to-day it would have to be undone to-morrow as circumstances change and political arrangements have to change with them.

The definition of the Dominions as autonomous communities seems to the Guardian to carry every right except the right of secession, "and it is difficult to see how even that could be denied if seriously demanded and pressed."

### GOVERNOR-GENERAL

Appropos of the change in the King's title, The Guardian, while admitting it is largely a matter of style, says:

(Concluded on page 16)

## HAS AN OPERATION; PRINCE HENRY

London, Nov. 22.—Prince Henry, third son of King George and Queen Mary, has undergone an operation for the removal of his tonsils. It was stated to-day he was doing well.

## PREMIER URGES INQUIRY INTO CLAIMS OF B.C.

Unity and Better Understanding  
of All Parts of Canada  
Advanced by Equity

To meet public bodies and speak before boards of trade and other organizations, Premier Oliver has set out on a tour of the Okanagan which will keep him away from Victoria until the end of the week.

Before starting out the Premier recalled that the Government of Canada had appointed a Royal Commission to hear evidence and to report upon the merits of claims advanced by the Maritime Provinces.

"In my opinion, the claims of the Maritime Provinces do not possess so much merit as do the claims of British Columbia," the Premier went on.

"On behalf of the Province of British Columbia, I have asked for a return to the Province of the unalienated portions of the railway lands conveyed to the Dominion."

"I have not taken an arbitrary stand. I have asked for a Royal Commission, or for a select committee of Parliament to inquire into the merits of our claims."

"I am just as much concerned in maintaining and strengthening the union of the Provinces of Canada. I do not believe that unity can be had to the fullest extent just so long as you have one or more parts of the country believing that they are not receiving just treatment at the hands of the central Government. I do most sincerely believe that the unity of the country will be better advanced by a frank and open declaration of either real or fancied wrongs, and by a thorough investigation thereof, to the end that if wrong is found, it may be remedied."

"The unity of Canada can only be firmly established and maintained by the application of the principle of equity and the maintenance of that principle is worthy of our best endeavours."

### STATEMENTS PREPARED

Meanwhile lawyers who are assisting Hon. W. Rowell, K.C., chief counsel of the commission, are in conference with the Board of officials here preparing for the presentation of evidence when the commissioners reach the coast. This evidence is centred around the export of liquor from British Columbia to the provinces which the British Columbia authorities consider responsible for the most of the bootlegging troubles of this province.

Preparations already under way at these conferences between provincial officials and representatives of the commission will be carried further during the next two or three days when the Attorneys-General of the four western provinces confer in Victoria. They will arrive in Victoria on Wednesday to meet their colleagues for presentation to the commission, British Columbia's testimony forming the chief feature of these statements.

### TO CHECK BOOTLEGGING

The Victoria hearings will represent the supreme effort of the provincial authorities to cut off what they contend is the chief source of British Columbia bootleggers' supplies—liquor which is supposed to be exported to foreign countries. The evidence to be laid before the commission through liquor officials is intended to prove the present laws governing liquor export make it impossible to prevent large quantities of liquor, destined for foreign countries like Mexico, from finding its way back to British Columbia for illicit sale.

Leading figures in the liquor export business, it is understood, will be summoned before the commission in its investigations of the whole liquor traffic on this coast.

### SITTINGS IN VANCOUVER

Under present plans, the Victoria hearing of the commission will be followed by a sitting in Vancouver. The proceedings in the provincial capital are expected to take up several days.

(Concluded on page 16)

## \$140,000,000 BID AT C.M. AND ST. P. RAIL SYSTEM AUCTION

That Offer Made at Butte by  
Committee Which Plans  
Big Reorganization

Court Sitting in Chicago De-  
cember 13 Will Give  
Decision on Great Bid

Butte, Mont., Nov. 22.—Only one bid, totaling \$140,000,000, was made at the public auction of the Chicago, Milwaukee & St. Paul Railroad here this morning. The bid was made by representatives of the reorganization committee and will be submitted to the federal court in Chicago December 13 for approval.

The reorganization managers, Kuhn, Loeb & Company, and the National City Bank of New York had been expected to submit the only bid for the great transcontinental line, sale of which still is being fought by minority bondholders. That bid alone had been qualified at midnight by deposit of sufficient securities with the federal court in Chicago.

The auction, which disposes of the largest corporation ever to go under the hammer in the United States, was held in Butte because the actual property of the Milwaukee and the Puget Sound holdings overlap here. Under the court order, the sale had to take place at a point where the two holdings met.

An upset price of \$122,500,000 had been set by the court.

### APPEAL PLANNED

Chicago, Nov. 22.—Minority bondholders of the Chicago, Milwaukee and St. Paul Railway were ready to appeal to the United States Supreme Court to-day as the railroad was about to be sold at auction at Butte, Montana. This was disclosed after formal petition for an appeal had been denied by Judge Evans of the United States circuit court of appeals here.

The report contains much that has already been covered in cable dispatches. The work of the conference has traversed many activities, including the exploration of ways and means of developing Empire trade and the question of the nationality of married women, all of which have been handled by conference committees.

### EMPIRE DEFENCE

It is likely there will be a resolution on Empire defence. This, it is believed, will be based on the resolutions passed at the last conference which, while affirming the necessity for provision for adequate defence, recognized it was for the parliaments of the several parts of the Empire (Concluded on page 3)

### GOVERNMENTS OF FOUR WESTERN PROVINCES TO TELL COMMISSION ABOUT SMOUGLING

Investigation of British Columbia smuggling problems is set to get under way in Victoria on Thursday next, when the Federal commission inquiring into the customs service opens its coast hearings. Under Government authority the commission will come direct from Eastern Canada to Victoria to hear the joint representations of the four western provinces around the liquor board of British Columbia.

### FRANC TO-DAY AT 28.52 TO DOLLAR

Paris, Nov. 22.—The upward swing of the franc, which was causing widespread alarm, is not expected now that the Appeal Court will hand down a final ruling on the validity of the order until early in the new year, the board will insist on the observance of the order meanwhile on the basis of the two legal decisions in favor of its legality.

### TO CHECK UP LISTS

The usual semi-monthly payrolls of the lumber industry all over British Columbia were in process of distribution now, Mr. McNiven pointed out. The board, he said, would check up the wages being paid in this way and make sure they represented a minimum of forty cents an hour. Where firms failed to implement the forty-cent order they would be prosecuted in the usual way, he indicated.

### PROTESTS FROM MEN

Officials of the board do not believe it will be difficult for them to discover any firms which are failing to meet the forty-cent minimum. Immediate protests from the employers, he said, would be in order.

### UPWARD MOVEMENT OF FRENCH EXCHANGE HALTED IN PARIS

Paris, Nov. 22.—The upward swing of the franc, which was causing widespread alarm, is not expected now that the Appeal Court will hand down a final ruling on the validity of the order until early in the new year, the board will insist on the observance of the order meanwhile on the basis of the two legal decisions in favor of its legality.

### PREMIER KING SAYS CONFERENCE ACTS MEET CANADA VIEWS

Equal Status of Nations in  
Empire Supported by  
This Country

London, Nov. 22.—Among the members of the Canadian delegation there is keen satisfaction to-day over the Dominions' charter. This report of the French committee of the Imperial Conference, with its ringing sentences and its precise statements, is regarded as a great milestone along the way of Empire relations. It does not so much indicate grave constitutional departures—such is the comment one hears—as it crystallizes and applies principles of self-government which already were recognized, if at times somewhat nebulously.

Premier King is reserving his considered comment. Nevertheless he was warm alike in praise of the report and in appreciation of the spirit of good fellowship which had dominated the committee's proceedings.

"The report states clearly those principles of Dominion autonomy for which Canada always contended," Mr. King said. "As the great charters of England set down liberties which had been won, so the report in unmistakable language sets down the principle that the self-governing communities are equal in status."

### ALL EQUAL

More detailed examination of the reports reveal to what extent it carries the principle that in its own right.

(Concluded on page 3)

## LUMBERING INDUSTRY MUST PAY NOT LESS THAN FORTY CENTS AN HOUR WHILE COURTS DECIDING

J. D. McNiven Says Board Will Insist on Minimum of  
Forty Cents an Hour Until Last Appeal Channel  
Exhausted; Payrolls Now Being Distributed Will  
Be Checked Up

From Times Staff Representative  
Vancouver, Nov. 22.—Every branch of the British Columbia lumber industry must pay minimum wages of forty cents an hour in the payrolls now being distributed throughout the Province, J. D. McNiven, chairman of the board enforcing the new minimum wage law, announced to-day. Pending the final outcome of legal proceedings over the validity of the forty-cent-an-hour regulation, the administrative board is determined to enforce this order to the limit, according to Mr. McNiven.

### EMPIRE CONFERENCE TO END TO-MORROW

Final Report For Delegates at  
London Meeting Pre-  
pared To-day

Need of Adequate Defence  
Systems in Empire  
Recognized

London, Nov. 22 (By Cable from George Hambleton, Staff Correspondent of the Canadian Press)—The drafting committee of the Imperial Conference met to-day to prepare its final report for the conference. This will be presented for approval to-morrow, when the curtain will fall.

The report contains much that has already been covered in cable dispatches. The work of the conference has traversed many activities, including the exploration of ways and means of developing Empire trade and the question of the nationality of married women, all of which have been handled by conference committees.

These are all minor, though, when compared with the constitutional discussions by the Premier's committee.

It is likely there will be a resolution on Empire defence. This, it is believed, will be based on the resolutions passed at the last conference which, while affirming the necessity for provision for adequate defence, recognized it was for the parliaments of the several parts of the Empire (Concluded on page 3)

### GOVERNMENTS OF FOUR WESTERN PROVINCES TO TELL COMMISSION ABOUT SMOUGLING

Investigation of British Columbia smuggling problems is set to get under way in Victoria on Thursday next, when the Federal commission inquiring into the customs service opens its coast hearings. Under Government authority the commission will come direct from Eastern Canada to Victoria to hear the joint representations of the four western provinces around the liquor board of British Columbia.

The evidence is centred around the export of liquor from British Columbia to the provinces which the British Columbia authorities consider responsible for the most of the bootlegging troubles of this province.

Preparations already under way at these conferences between provincial officials and representatives of the commission will be carried further during the next two or three days when the Attorneys-General of the four western provinces confer in Victoria. acts like a flash—a single sip proves it

### All Members of Committee Helped to Write Empire Report

London, Nov. 22 (By Cable From George Hambleton, Staff Correspondent of the Canadian Press)—It is generally thought every member of the Empire committee on inter-Empire relations participated in the writing of the famous report submitted to the Imperial Conference.

Certainly no one wrote it in its entirety. There were too many drafts and amendments for that. Yet its polished style, particularly in its opening passage, and the ringing challenge in many of its phrases, reveal that behind the scenes a master of English was at work. Lord Balfour, as chairman, is understood to be the author of many of its finest sentences. Hon. Ernest Lapointe, Canadian Minister of Justice, played a large part in the preparation of the more technical section on the signature of treaties.

A motor truck that uses waste wood as fuel was exhibited recently by the French Association for the Advancement of Science.

## EUROPE TO GET ANOTHER BILLION FROM U.S. IN 1927

Total of Borrowings Will Be Brought Up to Over \$10,000,000,000

New York, N.Y., Nov. 22.—Estimates by bankers here are that well over one billion dollars in gold will be lent to foreign borrowers in 1926 by the people of the United States.

Out of this vast sum Europe will fashion a financial crutch to support the final work of restoration from the Great War. United States loans to the world are now said to exceed \$10,000,000,000 and it is this pecuniary interest that is fast giving bankers call the international mind.

Nearly \$4,000,000,000 has been lent in alien lands in the last three years. France is expected to come into the United States money market early next year for large sums to aid in pegging the franc at some underdetermined stabilization point and to replenish working capital for her industries and bankers are trying to forecast the amount of France's new borrowings. The total may reach several hundred million dollars of which probably a third will be for governmental purposes and the rest for corporations.

France will not be permitted to borrow here until the debt agreement has been ratified by the French Chamber of Deputies but the echoes of that last roll-call will hardly have died away when Wall Street believes there will be offerings of French loans here.

The Morgan syndicate that floated the recent Belgian stabilization loan of \$50,000,000 will, it is anticipated, handle the major financing of the French Republic. The groundwork for these loans has already been laid by the recent sharp rise in French government dollar bonds. It is said to be something of a window future loan. Banks, insurance companies, and the investing class are the purchasers of these foreign securities the interest of which is yearly returning here in rising volume. Dealings in these securities on the New York Stock Exchange have reached a daily total of \$7,000,000.

The bankers and distributors of the recent \$50,000,000 Belgian loan are reported to have made approximately

\$2,500,000, less the costs of overhead and distribution. Those banking profits are divided among the original terms group, made up of one or more leading banking firms which negotiate directly with the borrowing government; the banking group which takes the bonds at a small advance from the terms group and the selling syndicate composed of leading banks and other distributors which acquire the bonds from the banking group.

The terms group pays the foreign government or example \$2 for seven per cent bonds; the banking group obtains them for 90 and the selling syndicate secures them for \$14. The investors then pay \$4. As members of the terms group are also members of the other groups their profits are large.

### Preparations For Trial of B. Purnell Interest Michigan

Benton Harbor, Mich., Nov. 22.—A legal battle such as the criminal courts of Michigan never before have witnessed is in prospect if Benjamin Purnell, head of the House of David colony and accused despoiler of young womanhood, is ever brought to trial.

Purnell, self-styled "Seventh Messenger" and "Brother of the Saviour," subject of a world-wide search for more than four years to answer warrants, was dragged out of the administration building in his colony last Wednesday morning. Under bonds of more than \$100,000 Benjamin is in his sanctuary at Shiloh House, while the resources of the colony, said to run into hundreds of thousands of dollars, are being marshalled to his defence.

There are many in Benton Harbor who say Purnell never will be brought to trial. Outside the colony many hold the belief that he will cheat the law, as Purnell is in a weak condition. The colony members, however, have been taught to believe Benjamin is immortal and that he could extend immunity to his followers. When death has visited the colony the stricken one has been taken out unannounced and ununited and Benjamin has explained it was the penalty for disregard of his teachings. Such was the passing of Coy Purnell, son of Benjamin and Mary, the "Seventh Messenger's" wife and "queen."

Benjamin came out of the Kentucky foothills, a wandering evangelist, nearly thirty years ago. Previously he had been a boy preacher, a house painter, a railroad tunnel watchman and follower of an earlier "King Benjamin."

Going to Detroit, he joined the colony of one Michael Miller, or "Prince Mike," as he was known. After Prince Mike had been sentenced to prison on charges involving women, Purnell moved to Benton Harbor and established his colony in 1903. It prospered, deriving revenue from its amusement park, a baseball team of patriarchal appearance, a street railway system and the fruits of the soil.

His followers came from far and wide, many of them well-to-do. The first court litigation against the colony brought charges that the followers of Benjamin were obliged to turn their property over to him and that no compensation was allowed for their work. That suit brought an award of \$15,000. It was at that court proceeding that charges of immorality were made against Purnell and disappeared.

## Over Hundred Dogs At Opening Winter Show On Saturday

Mrs. Alsen Awarded Ribbons; Competition Very Keen in Many Classes

Over one hundred dogs were benched at the opening Winter show of the Victoria Kennel Club at the Viceroy Building on Saturday. A large crowd of canine followers attended.

The ribbons were awarded by Mrs. Alsen of Edmonds, B. C. General satisfaction was expressed over the awards.

The results were:  
**Pomeranians, Black**  
Open dogs—1, Buzz, Mrs. Ciesaby; 2, Fozie, Tolmatta Tobbin.  
Puppy bitches—1, Dinty Moore, Elaine More.  
Open bitches—1, Queen, Mrs. Ockwell.

**Pomeranians, Orange and Sable**  
Puppy dogs—1, Suey Moco, Mrs. Tooby.  
Puppy bitches—1, Topsy, Mrs. Tooby.

**Pekingese**  
Puppy dogs—1, Chih 'Chu, Miss Barnett; 2, Soo Chu, Mrs. Byrd; 3, Princess Yan Shang, Rowena Hayes.  
Open dogs—1, San Toy Fu, Mrs. Mary Nuttall.  
Puppy bitches—1, Mungu, Mrs. J. Omik; 2, Tummy, Mrs. Hall.

**Maltese**  
Puppy bitches—1, Fuzz, Miss I. Grant.  
Open bitches—1, Flossie, Mr. Crane.

**Spitz**  
Open dogs—1, Mickey, R. Hatcher; 2, Teddy, Norman Clark.

**Fox Terriers, Smooth**  
Puppy dogs—1, Jiggs, Mrs. D. Smith.

Open dogs—1, Temperance Boy, C. Roberts; 2, Fido, W. J. Hooper; 3, Buster, Mrs. Cokman.  
Puppy bitches—1, Nipper, C. Lowe.  
Open bitches—1, Second Bit o' Spice, Mrs. Constantine; 2, Second Lady, Mrs. Curtis; 3, Mitty, Miss E. Wood.

**Fox Terriers, Wire Haired**  
Puppy dogs—1, Dannie Boy, Mrs. G. E. Bailey; 2, Tony, Mrs. G. E. Bailey; 3, Nigger, Mrs. G. E. Bailey.  
Open dogs—1, Rex, S. H. Keyes; 2, Tattler, Phyllis Biles.  
Puppy bitches—1, Christmas Bells, G. Hymes.  
Open bitches—1, Nellie, Miss B. Todda.

**Scottish Terriers**  
Puppy bitches—1, Cardross, Mrs. Mitchell.

**Scalyhams**  
Open dogs—1, Dandy, Mr. Castle.

**Irish Terriers**  
Open dogs—1, Linwood Warrior, D. McGillicuddy.

Open bitches—1, Sunset Lady Baunder, Miss Wilkinson.

**Airedales**  
Puppy dogs—1, Killarney Gipsy, H. Wilkinson.  
Open dogs—1, Sir Gawaine, H. Simpson.

Puppy bitches—1, Seaton Lass, Mrs. K. McNeill; 2, Seaton Rainbow, J. McNeill.

**Bostons**  
Puppy dogs—1, Bunney, F. C. Clyde; 3, Jiggs, Gordon Minlindes.

Open dogs—1, H. B. Intruder, B. Pritchett; 2, Lucky Charm, Mrs. M. E. McKivvers; 3, Buster, P. Parsons.

### Colwood Golf Teams Beat Macaulay Club In Two Golf Matches

"A" Teams Play at Macaulay Point, While "B" Sides Engage at Colwood

Colwood's "A" team paid a visit to the Macaulay Point Golf Club yesterday and enjoyed a match, despite a few hours of heavy rain and wind.

The home team was beaten, the scores in the singles being 25½ to 13½ in the singles in favor of Colwood. The fourball matches resulted in Colwood scoring 20 points to Macaulay's 8.

The results, with the Colwood players named first in each case, were as follows:

**Fourballs**  
F. Thomas and G. Simpson 2, J. A. Montgomery and H. Collings 2.

G. M. Terry and R. J. Darcus 4, J. Clark and T. Angus 0.

H. P. Hodges and L. D. Rines 3, W. S. Morris and F. Partridge 1.

F. W. Ismay and T. C. S. Gallini 0, A. Youngman and Major A. Warder 4.

W. W. Hall and J. B. Unacke 4, F. Silydell and J. Burns 0.

T. S. McPherson and J. H. Richardson 4, D. Fyvie and J. Smart 0.

H. O. Kirkham and G. Wilkinson 3, G. Jones and D. A. Matthew 1.

**Singles**  
F. Thomas 1, J. A. Montgomery 2, G. Simpson 2, H. Collings 1.

G. M. Terry 3, J. Clark 0, R. J. Darcus 3, T. Angus 0.

H. P. Hodges 2½, W. S. Morris ½, L. D. Rines 1½, F. Partridge 1½.

T. C. S. Gallini 3, Major Warder 0, W. W. Hall 2½, F. Silydell ½.

J. B. Unacke 2½, J. Burns ½, T. S. McPherson 1, D. Fyvie 2.

J. H. Richardson 3, J. G. Smart 0, H. O. Kirkham 1, G. Jones 2.

G. Wilkinson ½, D. A. Matthew 2½.

**"B" MATCH**  
While the "A" teams were engaged at Macaulay Point the "B" teams played at Colwood. The home team scored an easy victory—the total scores being Colwood, 44; Macaulay, 3. Macaulay did not score a point in the fourball matches in the afternoon.

The scores with the Macaulay

players named first in each case, were as follows:

**Singles**  
McConnell 1, K. Blackader 2, D. Fraser 1½, A. Strath 2½.

A. F. Ashe 0, A. Muir 3, J. Hay 0, W. S. Ellis 3.

J. T. Jones ½, E. N. Horsey 1½, J. G. Smith 0, T. L. Swan 1.

T. Brown ½, G. S. Currie 2½, A. Lable 0, H. A. Tomlin 3.

R. H. Fort 1½, J. C. Cumming 1½, A. R. Roberts ½, H. W. Niven 2½.

A. G. Fulmer 0, G. Strath 3, H. L. Roberts 0, E. Greville-Jones 3.

W. W. Rowson ½, T. H. Leeming 2½.

V. M. Gallon 0, G. Brady 3, Christopher 3, W. Murrell 0.

**Fourballs**  
McConnell and A. Strath 4, A. E. Ashe and J. Hay 0, A. Muir and W. S. Ellis 4.

J. T. Jones and J. G. Smith 0, E. N. Horsey and T. L. Swan 4.

T. Brown and A. Lable 0, G. S. Currie and H. A. Tomlin 4.

R. H. Fort and A. R. Roberts 0, J. C. Cumming and H. W. Niven 4.

A. G. Fulmer and H. L. Roberts 0, G. Strath and Haynes 4.

W. W. Rowson and V. M. Gallon 0, T. H. Leeming and G. Brady 4.

**End First Round of Calcutta Foursomes**

Results of the first round of the Calcutta Foursomes held at the Victoria Golf Club were as follows:

Harry Beasley and A. Musgrave defeated Harold Haynes and H. A. Ross, 3½ and 1.

D. A. Hogg and Dr. J. Macdonell defeated A. H. Ford and Col. Lightbody, 1½ up.

H. G. Garrett and H. J. Crane defeated H. O. Kirkham and Major Roberts, 2 up.

H. J. Davis and W. C. Moresby defeated C. Schwengers and J. Ambery, 6 and 4.

Capt. Matterson and A. D. King defeated N. Thornton and R. H. B. Ker, 3½ and 1.

Major Wise and B. S. Heisterman defeated Justice M. A. Macdonald and W. H. MacInnes, 3½ and 1.

Dr. Barrett and E. U. Reid defeated W. A. R. Hadley and L. C. Boyd, 2½ and 2.

Art Beasley and Dr. Scott-Moncrieff defeated M. B. Jackson and Dick Wilson, 1½ and 1.

A. J. Haynes and J. H. Lee defeated J. D. Virtue and Arthur Gore, 2½ and 2.

A. C. Watts-Jones and N. F. Ferris defeated Will Todd and H. Heisterman, 1½ up.

W. Pemberton and L. H. Hardie defeated Stan Haynes and R. H. Meadus, 4 up.

Harold Wilson and C. W. Pangman defeated A. T. Goward and J. P. Babcock, 2½ and 2.

Charles E. Wilson and W. J. McIntosh defeated T. O. Mackay and J. C. Barnacle, 1½ and 1.

Jack Matson and R. Baird defeated Ken Baymur and H. H. Shandley, 5 and 4.

H. P. Johnson and R. H. Swinerton defeated Dr. Baillie and J. V. Scribner, 4 and 3.

J. E. Wilson and Dr. Garesch won

from Clarke Gamble and C. J. Prior by default.

The second round must be played by November 28.

Goldfish and certain varieties of stickleback, if introduced into pond or stream, will wage successful war against mosquitoes.

### GAINED 10 POUNDS IN 22 DAYS

That's going some—but skinny men, women and children just can't help putting on good healthy flesh when they take McCoy's Cod Liver Extract Tablets.

Check full of vitamins—the kind that are extracted from the livers of the cod—the kind that are a real help to frail, rundown, anemic, skinny men and women.

Try these sugar coated tasteless tablets for 30 days—if they don't help greatly get your money back.

One woman gained ten pounds in twenty-two days. Sixty tablets, sixty cents. Ask Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., or any druggist for McCoy's Cod Liver Extract Tablets. Directions and formula on each box.

Get McCoy's the original and genuine. (Adv.)

## New Postage Stamp Issue in Germany

Berlin, Nov. 22.—Monarchists are jubilant over the new series of postage stamps which for the first time in history bear pictures of prominent Germans.

With one exception the men picked out for the honor are heroes of German culture. Frederick the Great was selected for the 10-pfennig stamp, the one most in use for internal communication.

Goethe, the world-famous genius, is pictured on the 25-pfennig stamp, which is the foreign letter postage fee. Among other great intellects represented are Schiller, Kant, Lessing, Leibnitz, Bach and Beethoven.

## Traces of Prehistoric Man in Montana

Billings, Mont., Nov. 22.—Fossil hunters in the coal beds of the Bear Creek field near here have unearthed evidence claimed to show that a primitive man, who antedated the Neanderthal man and the pithecanthropus or Java man of the Pleistocene period by several million years, ranged the Bear Tooth country in the eocene period early in the age of mammals.

The conclusion was reached by the finding deep in the coal beds, located forty-five miles south of here, of a human tooth, the enamel of which had long since turned to carbon and the time of the roots to iron.

## Georgia Banker Is Given Long Sentence

Atlanta, Ga., Nov. 22.—W. D. Manley, former president of the Bankers' Trust Company of Atlanta, was found guilty of fraudulent insolvency in connection with the closing of the Farmers' and Traders' Bank of Atlanta by a Fulton superior court jury on Saturday, and was sentenced to from nine to ten years' imprisonment.

Defence counsel filed a motion for a new trial and arguments were set for January 3. A bond of \$25,000 was furnished. Manley previously had been adjudged sane by a jury, and an appeal was taken from that verdict.

The Bankers' Trust Company closed July 12 and within a few days eighty-three correspondent banks in Florida and Georgia, of which the Farmers' and Traders' Bank was the largest, closed. A number of these banks, however, since have been reorganized.

## AGED MAN LOST LIFE

Kingston, Ont., Nov. 20.—Thomas Hamilton, eighty-one, is believed to have been burned to death in a fire which destroyed his home on the Kingston-Ottawa Highway between Pine Hill and Joyceville Saturday night. He was noticed going into the house to attempt to save furniture and was not seen again, nor has any trace of the body been found.

Coroner Dr. Gardiner of Kingston is investigating. The house with all its contents was totally destroyed.

## SOUTHWEST EUROPE SWEEP BY STORMS

Many Damaged Vessels Are Lying in Atlantic and Mediterranean Ports.

## Fishing Industry at Standstill; Rivers Flooded

Paris, Nov. 22.—Storms with scarcely a lull between them are ravaging Southwestern Europe. Sea-ports on both the Atlantic and Mediterranean coasts are filled with battered vessels. The fishing industry is at a complete standstill. The Riviera again has suffered badly.

A tidal wave swept bales of merchandise from the wharves at Marseilles, damaged the coast road and stopped the operation of the street cars. A wireless communication picked up there from the Spanish steamship Cabo Santa Pola said the vessel was in distress five miles off Palos. She had lost her propeller and was in need of help.

The Rhone and most of the other rivers in Southeastern France are rising rapidly. The Swiss Canton of Ticino was visited by a gale, accompanied by a deluge of rain, which lasted twenty-four hours. The rivers rose swiftly and flooded the various lakes.

An Italian torpedo boat belonging to the anti-smuggling service was forced to take refuge at the Swiss village of Magadino on Lago Maggiore.

## TANNERY BURNED AT NEW WESTMINSTER

Loss When Leckie's Building Destroyed; Estimated at About \$45,000

New Westminster, Nov. 22.—Fire, of unknown origin, totally destroyed a tannery operated by the J. Leckie Company Limited, shoe and leather manufacturers, at South Westminster last night. An approximate estimate places the loss at from \$40,000 to \$50,000.

The blaze, checked only by a heavy rain, rapidly spread throughout the whole main building, reducing it to a mass of flaming embers within two hours. The vat building, a structure 300 feet long, caught as the main building crashed and was soon destroyed.

The rain and lack of wind are believed to have been the factors which prevented destruction of the Grandview Hotel, nearby, which at times was showered with sparks.

## Seven Portuguese Workers Were Killed

Lisbon, Nov. 22.—Seven workers were killed and sixty injured Saturday in an explosion in a turbine foundry near Oporto.

## TODD TO TESTIFY

Montreal, Nov. 22.—E. N. Todd, in a statement here in reference to the charges brought against him in Ottawa on Friday and Saturday before the royal commission investigating the customs service, denied in toto the evidence given by W. G. Duncan on that occasion.

Mr. Todd added: "I am losing no time in presenting my evidence in the case. I have already wired the chairman of the commission as follows: 'Have just read from press reports Duncan evidence involving me. Should like to put in my evidence at once. In event my proceeding by first train to Vancouver will you take my evidence?' (Signed) 'E. N. TODD.'"

Mr. Todd said he had not as yet received a reply.

## KILLER LOST FORTUNE

Chicago, Nov. 22.—Robert Meads, former Dartmouth College student, who shot and killed a fellow student in a quarrel over a bottle of whiskey in a fraternity house, was disinherited under the will of his father, Albert H. Meads, filed in probate court here. The estate of \$400,000 was left to the widow, Mrs. Ethel T. Meads. Meads pleaded guilty to manslaughter and was sentenced to ten to fifteen years in prison.

## CLAIMS TO BE PAID

Mexico City, Nov. 22.—A British-Mexican claims convention has been signed by Foreign Minister Saenz and British Minister Ovey. The convention is similar to that between Mexico and the United States. It provides for the appointment of a commission at an early date to investigate the claims of British citizens because of damage or injuries in the 1910-20 revolutionary period.

## MEXICO ENCYCLICAL IS ISSUED BY POPE

Pontiff Asks Prayers for Restoration of State-Church Peace in Republic

## Comments Attitude of Priests, Laymen and Roman Catholic Associations

Rome, Nov. 22.—Pope Pius, in an encyclical made public yesterday, condemns the "blood tyranny" suffered by the clergy and faithful in Mexico, exhorts those in other lands to continue prayers in behalf of the Mexicans, and expresses faith in the final victory of the church.

The description of conditions in Mexico, the encyclical says, recalls the atrocities of the worst periods of persecution, including the French revolution, whose martyrs the Pontiff recently glorified, "thinking also of their imitators, the martyrs of the Mexican persecution."

In contrast with the gloomy picture of the horrors of the persecution the Pope describes the splendid spectacle of resistance offered by the bishops, priests and laymen, especially the members of the principal Roman Catholic association, which he praises by name.

## YOUTHS MET DEATH

He mentions the principal heroes in the fight for religious liberty, recalling "with special love and pride" those youths who, being asked to cheer for their persecutor, preferred death, which they met with rosaries in their hands, exalting Christ as king.

He also recounts the even more horrible fate of Christian virgins who, the encyclical says, have with "staunch hearts" been imprisoned and subjected in prison to the worst ill treatment.

The Pope then recalls the Divine promise of future victory and the immortality of the church, even amid the most terrible storms, and expresses the hope that the persecutors themselves may repent, realizing how much their country and they themselves owe to the church and Catholic religion.

## TO GIVE ESTIMATES ON COWICHAN ROADS

Ratepayers Will Be Told Cost of Tarviating

Duncan, Nov. 22.—The regular meeting of the municipality of North Cowichan took place on Friday, John N. Evans presiding. All councilors were present.

The question of roads was the main topic of interest, and the council decided to issue a circular to the ratepayers, giving details of estimates for cost of tarviating roads in the municipality, and stating that they will probably put a by-law before the people in January next at election time, for the purpose of borrowing \$20,000.

## Chamberlain Saw 2,000 Monocles

Glasgow, Nov. 22.—It took all Sir Austen Chamberlain's characteristic imperturbability to remain serene when at the ceremony of his installation as Lord Rector of Glasgow University recently he was faced by 800 students, all wearing monocles like himself, and singing in unison: "Or, Austen Dear, We Love You so."

Like his famous father, Joseph, Chamberlain's Secretary "cannot very well be imagined without his single eyeglass, and there were loud protests from the students when he changed it for a horn-rimmed spectacle to sign the document appointing him to his dignity.

## Long Prison Term For Kid McCoy

San Quentin, Cal., Nov. 22.—The California state parole board has fixed the sentence of Norman Selby (Kid McCoy) at four years on four separate charges. Selby, who had expected a lighter sentence, was depressed at the news.

Selby, who was sent up from Los Angeles County after the death of Mrs. Theresa Mors at his hands, was given ten years for manslaughter and seven years each for assault to commit murder and robbery, the sentences to run consecutively. He was also given six years for assault to do great bodily harm, this sentence to run concurrently with the others.

## Shore, Field and Woodland

### NATURE NOTES

By ROBERT CONNELL

## "ONCE MORE, ONCE MORE UPON THE HILLS!"

A BRIGHT sunny afternoon tempted my friend and me into the Sook Hills last Saturday. Although mid-November had almost come the scene on every side was bathed in rich color. Rain and wind had not as yet sufficed to bring down more than a fraction of the Autumnal leaves. As we ran past Colwood I caught a fleeting glimpse of distant hills, a pale and tender blue, through a framework of fir and oak: a vision of elusive beauty like the drops of moisture on sunny lawns. The landscape never looked so brilliant in Summer as it did now when the dark greens and the light, the copper and the gold, were glittering under their water-film. Millals compared Scotland's color to that of a wet pebble, and he might have done the same for the tints of Colwood and Luxton had he ever traveled the unforgettable road to the West.

Meanwhile dark masses of mist came rolling along the crest of the Sook Hills, and every now and then a familiar outline was blotted out by a veil of rain. But there was sunshine about us and ahead, as we entered the picturesque valley between the Cattle Hills and Humpback Hill. We left the car where the little brook from Mount Macdonald touches the road. We had decided to climb the range to the right by way of the transmission line which here proceeds south while the road turns away to the left. Here, where an old house stands, a little withdrawn from the highway, a logging road has cut deeply into the warm-tinted soil and pools of water in its hollow reflect the shrubs and young trees. A hundred yards or so back it crosses the pipe-line by an extensive bridge while the great tube sweeps across the valley of the brook on an airy aqueduct, like itself, constructed of cement.

## A SHOWER IN THE HILLS

We looked for a moment at the sunshine on the rocky ramparts of the Cattle Hills rising in sheer precipices five hundred feet above the main road and terminating abruptly to the south in the naked promontory I call Nab Scar: a promontory rightly, when it rose from the post-glacial sea about its base. Then we crossed the brook before us and following the pipe-line a little way turned where the line-men's path zig-zags steeply upwards. Half-way up the hillside the sun disappeared and a rain-mist came drifting up the valley. It was as if the Oreads, the nymphs of mountains and hills, resentful at our intrusion, had called to their aid their sisters of the fountains and the deep. Under a huge fallen tree, blackened from end to end by forest fire, we sought a precarious refuge. Around us the rain came slanting as if to seek us out under our narrow roof, but looking across the united valleys we saw a slowly moving body of vapor, vertically streaked with long narrow transparent spaces; like Tennyson's "veils of thinnest lawn," but falling in ever-moving folds. The frowning cliffs seen through the misty medium took on their most ghastly appearance, and in the resulting loss of detail the fancy was left to its own devices. What pictures we might have conjured up, had our shelter allowed freer scope to the limbs, I cannot say; but engaged as we were in presenting to the rain the least possible bodily area, the romantic faculties were in abeyance. My Lady Nicotine gave me her soothing presence, a comfort unsought and therefore unenjoyed by my companion. With a slight moderation of the shower we emerged from under our carbonized roof-tree, made a further ascent, and concluded the spirits of the place were too evidently against us. We retreated to the car, in order to proceed to safer regions.

## SUN-GLEAMS AT GOLDSTREAM

Driven on our first choice, for "the best-laid schemes of mice and men" Gang aft agley," we hastened through the Humpback Valley. The clouds were already breaking and bits of deep blue sky acquiescently upon our changed route. The reservoir lake lay placidly in its hollow, silvery under the moving mists. Down we went through the long avenue of first below the station, the wet branches from each side brushing the car's body. Again we went down, this time along the winding grade that follows the Goldstream as it cuts its way seaward through the lustrous slates. Then issuing from the deep shade we joined the Malahat Drive, to find cliff and wood bright and sparkling in the sun. Soon we heard the chorus of seabirds and scattered groups of great gulls came into sight. It is their annual season of feasting and the skeletons of their prey, the weakened and emaciated salmon returning from the spawning, were bleaching everywhere. A chill gray corpse, beneath the shallow water, as Finlayson Arm came nearer so the sound and number of the revellers increased, and as we turned in towards the foot of Mount Finlayson our last sight of the river showed—unmistakably—unmistakably the sheet of the glaucous-winged birds. From the logging slide we walked the road along the mountain base from which but a few yards of rough scree street with huge rocks from the cliffs separates the passenger. Up the road goes, past the farm on the left, until it makes a sharp turn in crossing the shoulder between Mount Finlayson and the ridge that

## Quality Fur Coats

At Most Attractive Prices

We are featuring this week a most interesting display of handsome Fur Coats that set the fashion for this Winter. You will find our prices most interesting, and every Fur Coat in our entire stock shows a workmanship and quality that are faultless.

**SMITH & CHAMPION**  
THE BETTER VALUE HOUSE  
1420 DOUGLAS ST. LIMITED

terminates in Jocelyn Hill. On the left-hand side of the road a somewhat level outcrop of rock forms a wall ten or twelve feet high. Its interest is geological, for the strike shows a clear-cut contact between the dark slaty shale and the lava which invaded it and by its heat baked it to a greenish chert. Botanically the ground above is interesting in possessing a more extensive growth of the soap-berry bush (Shepherdia canadensis) than I have seen elsewhere near a highway. A botanist, too, would have delighted in the variety of fungi and lichens which in a great variety of colors grew abundantly on bank and roadside and left no forlorn fragment of bark or branch without its parti-colored coat. As we returned cars were discharging groups of visitors to the mountain, to wander, doubtless, among the maple and alder woods with their carpet of dull green and red. We could but wish them in our hearts such joy of a November day as had been ours, despite the hill-nymphs and their drenching showers.

A QUESTION OF AGE  
I was asked the other day how old the rocks around the Normal School are, or, rather, to what age they are assigned. Most of the rocks in the neighborhood of Victoria, Esquimalt, Oak Bay and Saanich are well dated, among the maple and alder woods with their carpet of dull green and red. We could but wish them in our hearts such joy of a November day as had been ours, despite the hill-nymphs and their drenching showers.

sedimentary rocks of the East Coast lie on the worn surface of the diorite and are not intruded by it. The Cretaceous period succeeded the Jurassic. Hence it is deduced that the diorites are of Upper Jurassic age.

## No Home and no Friends

An all too common occurrence in the police courts is the sentencing of a helpless old man for vagrancy.

"You see me here—a poor old man, As full of grief as age; wretched in both!"

He had money at one time. He earned good wages. He had his chance as other men had. But, repeatedly, any little surplus he managed to save was swept away.

Not at all a surprising condition when statistics show that 97 out of 100 men are still dependent on their daily wages or upon charity for support when they are 65.

Can you look ahead with confidence to your financial condition when you reach 65?

Deposit a small sum each year on an Imperial Endowment Policy and it will pay you a guaranteed monthly pension to keep you in comfort and independence after you are 65. Or it will provide a monthly income for your family should death call you early.

Why not look into this vital matter now? Tomorrow you may be uninsurable. Send in the coupon today.

## A FORWARD STEP

**THE DECLARATION BY THE IMPERIAL** Conference on inter-imperial relations sets forth in explicit terms what leading statesmen and publicists of the British Commonwealth have been saying more or less vaguely for a considerable time. It has long been generally recognized that imperial federation under some central governing body is impossible, and that the only alternative, in the words of a committee whose report was published on Saturday, "is by way of Dominion autonomy," in other words, the fullest measure of Dominion self-government with intimate co-operation between the various units of the far-flung association subject to a common sovereign.

Obviously, this aggregation of autonomous dominions does not constitute an empire according to the strict meaning of the term based upon history and tradition. An empire denotes an organization consisting of a central dominant state with subordinate colonies held in subjection mainly by military force. The committee of the Imperial Conference in recognition of this uses the word "Empire" only in a very general sense in some parts of its report, while in others it uses the phrase "British Commonwealth of Nations," a term often used by the King and the Prince of Wales in their public utterances.

There is nothing new in practice in many of the recommendations embodied in the report adopted by the Conference, although it is desirable that they should be emphasized in this way. In regard to the signing of treaties, the group of agreements which terminated the Great War were signed by each Dominion on its own behalf, while the Treaty of Locarno definitely provided that it was not applicable to the various Dominions unless it was formally ratified by them. It also has been conceded for some time that, to quote the conference report, "in foreign relations neither Great Britain nor the Dominions could be committed to acceptance of active obligation without the definite assent of their own governments."

Of greater significance, perhaps, is the declaration in the report that the Governor-General should be the representative of the crown only, not of the British Government. In other words, he should be in each Dominion precisely what the King is in Britain, the Governor-General in Canada thus being to all intents and purposes the King in Canada. He therefore ceases to be an official of the British Government. There is nothing in the report relative to the method of his appointment, so we are not informed whether the Conference thinks His Majesty's viceroys should be appointed on the recommendations of the various Dominion governments or not. But the report does recommend, however, that the Governor-General shall cease to be the medium of communication between the Dominion Government and the British Government, as has been the case up to this time, and that henceforth this communication should be directly between government and government.

The Imperial Conference, as is generally known, has no legislative or executive power. It is only an association for consultation purposes. That statutory revision will have to be made before the practical application of some of its suggestions can be possible is evident from its recommendation for the appointment of a special committee to consider legislative provisions regarding the disallowance of Dominion laws, the power of the Dominions to enforce their legislation beyond their own boundaries, and the validity of old colonial legislation passed by Great Britain before the Dominions were constituted. This covers such matters, for example, as the right of Canada to restrict appeals to the Privy Council in criminal cases. It will be remembered that some time ago Lord Cave of the Judicial Committee of the Privy Council decided that an Act of the Canadian Parliament regarding criminal appeals from Canada, which was passed at Ottawa more than forty years ago and never had been challenged, was unconstitutional because it was in conflict with a colonial law enacted by the British Parliament before Canada became a Dominion. Obviously Canada could not be said to enjoy equal status with Great Britain if her Parliament had no power to legislate on so distinctly a Canadian matter and if, therefore, she was subject to old colonial laws regarding Canadian affairs.

Summing up, the Imperial Conference appears to have taken a decided step in the direction of insuring the permanency of the British Commonwealth of Nations.

## HOW CANADA COMPARES

**CONSERVATIVE SPEAKERS** WHO were pleading for the preservation of the home market for the Canadian farmer by the increase of import duties on various forms of foodstuffs never tired of pointing to what they considered the much more advantageous position of the farmer in the United States. Neither the Canadian farmer, how-

ever, nor the Canadian elector was influenced by their arguments; it has become too apparent of late that the agriculturist over the border is having a great deal more trouble than his neighbor on this side. But it has remained for the General Manager of the Royal Bank of Canada—Mr. C. E. Neill—to make a graphic comparison in the following terms:

The average price for the products of Canadian agriculture is more favorable than that which prevails in the United States. Agricultural prices here are 69 per cent. above pre-war prices, while our general price-level is only 54 per cent. above that of 1913. In the United States the farmer is in an unfortunate position, with the prices for his products below the general price level; the cotton situation is particularly acute. General prices average 150, while the prices of the products of United States agriculture average only 35 per cent. above pre-war levels. The relative position of the Canadian farmer is much better than that of the farmer of the United States. For a country as largely dependent upon agriculture as Canada, such a price relationship is particularly fortunate, and holds promise of continued prosperity.

It will be agreed that this state of affairs has considerable significance for Canada. Politicians in the United States have been trying their best to find a solution for the restive condition of the farmers in that country, but without apparent success so far. This in spite of the fact that Conservative speakers and writers in Canada have told us that the economic system in operation over the border is virtually a faultless one. In any case, Mr. Neill has shown that the exporting of Canada's superior products to the markets of the world is by no means operating to the disadvantage of this Dominion, notwithstanding the convenience and value of the home market.

## UP TO US

**WHY ARE WE SENDING MILLIONS** of dollars every year out of this district for our agricultural products and other articles of food? This is a question which is being asked more and more as time goes on.

The answer is quite simple. We send money away which could be kept in local circulation because we do not give sufficient thought to what a difference would be made to the economic conditions of this community if we would practice more practical community loyalty.

British Columbia does not feed itself by any manner of means. It could do so easily if it organized itself for that purpose. And when it had accomplished that much it could build up its export trade.

Chambers of Commerce and Boards of Trade do fine work along these lines; but they can do little more than direct and advise. In the last analysis the consumer decides the issue. Nor is it uncommon for the people who buy the largest volume of foreign products to cry the loudest if their community is short on prosperity.

There is nothing new in these arguments; but their force is admitted. Victoria will grow only in proportion to the measure of community loyalty which it displays.

## WHAT OTHER PAPERS SAY

### WESTWARD

From The Vancouver Province

Toronto has long been known as the Tory citadel of the Dominion. The proposal to hold the national party convention in Winnipeg may not appeal to the stalwarts of the Ontario capital. Following the course of the star of Empire political dominance is drifting westward.

### WHY NOT HIKE?

From The Calgary Herald

Someone has said that the nation that forgets how to walk will not march far. There is much truth in the observation. No use saying that there is no time in this age for walking. It only seems that there isn't because we fail to conserve our time properly. An early morning walk is quite possible to many of us were it not for the fact that we spend so many of the night hours that should be devoted to sleep in indoor entertainment and amusement which we would be the better without. Why not get the hiking habit?

## Queer Quirks of Nature

By AUSTIN M. CLARK

Back in 1899 many people were bitten on the face and especially about the lips by a rather large dark-colored insect that became generally known as the "kissing-bug."

The "kissing-bug" has not attracted much attention since that time, but it is still with us and every year a few people suffer from its very poisonous and painful bite. The "kissing-bug" is quite inoffensive and will not bother you if you do not bother it. But let it alone, for if handled it is quick to bite. It is a clumsy flier, and if in its bungling headlong flight it happens to strike your face it often bites at once.

There are in tropical America quite a number of ferocious bugs more or less like the "kissing-bug." Some are very sociable and are known as "big bed-bugs."

Don't think that all the large bugs more or less like this that you see are kissing-bugs. There are many other kinds of bugs of the same general type which are very common and quite harmless.

## A THOUGHT

Where no wood is, there the fire goeth out; so where there is no talebearer the strife ceaseth. Prov. xxiv, 20.

The tongue is the instrument of the greatest good and the greatest evil that is done in the world.—Sir Walter Raleigh.

## Do You Mean What You Say?

The Register and Tribune Syndicate, Des Moines

### 'WALKING PAPERS'

### 'WALKING PAPERS'

This phrase is commonly used in describing the order of dismissal received by a public official, though its use has spread now so that any dismissal may be referred to in this way. Its origin is rather obscure, but it seems to refer to the fact that the one dismissed passes on, or "walks," away from the scene of his former activities.

## Canadian Questions and Answers

### VICTORY TOWER

Q.—What and where is the Victory Tower?

A.—The central tower of the new central Parliament Building at Ottawa is known as the Victory Tower, which will be a memorial of the Canadian forces that took part in the Great War, their names being inscribed in a golden book that will be placed in the tower together with the badges of all the units which will be engraved on its walls. The design will also embody a record of every French regiment and of the French navy which served in Canada before the British conquest. Also every British regiment which at any time served on the North American continent in establishing British sovereignty.

Victoria, Nov. 22.—5 a.m.—The barometer remains low on the Coast and heavy rains have extended to California. Zero temperatures are reported in most parts of the prairies.

Victoria—Barometer, 29.81; temperature, maximum yesterday, 50; minimum, 48; wind, 6 miles N.E.; rain, .19; weather, fair.

Vancouver—Barometer, 29.80; temperature, maximum yesterday, 49; minimum, 45; wind, 4 miles N.E.; rain, 1.30; weather, fair.

Kamloops—Barometer, 29.69; temperature, maximum yesterday, 48; minimum, 20; wind, 4 miles E.; rain, .24; weather, cloudy.

Barkerville—Barometer, 29.58; temperature, maximum yesterday, 26; minimum, 24; wind, calm; snow, 3 in.; weather, snowing.

Prince Rupert—Barometer, 29.78; temperature, maximum yesterday, 45; minimum, 44; wind, calm; weather, fair.

Estevan—Barometer, 29.74; temperature, maximum yesterday, 32; minimum, 22; wind, 4 miles S.E.; rain, 1.00; weather, raining.

Tatoush—Barometer, 29.74; temperature, maximum yesterday, 54; minimum, 54; wind, 16 miles E.; rain, .04; weather, cloudy.

Portland, Ore.—Barometer, 29.82; temperature, maximum yesterday, 49; minimum, 47; wind, 4 miles N.W.; rain, .04; weather, cloudy.

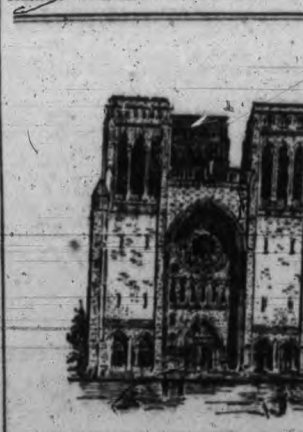

Seattle—Barometer, 29.80; temperature, maximum yesterday, 50; minimum, 48; wind, 10 miles E.; rain, .32; weather, cloudy.

San Francisco—Barometer, 29.88; temperature, maximum yesterday, 64; minimum, 58; wind, 10 miles E.; rain, .32; weather, cloudy.

Calgary—Temperature, maximum yesterday, 24; minimum, 19; snow, 1 in.

Regina—Temperature, maximum yesterday, 13; minimum, 13; below snow, trace.

Letters addressed to the Editor and intended for publication must be short, to the point, and must be signed. The Editor reserves the right to shorten the length of letters, but not to publish anonymous letters. The publication or rejection of letters is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for letters submitted to the Editor.

### MR. LANG'S APPRECIATION

To the Editor:—May I, through the medium of your esteemed paper, express my thanks and gratitude to the residents of Victoria for the great kindness and hospitality they have shown to my wife and myself and the members of my company during our visit to this city?

I would like you to give me this opportunity of expressing to them my regret that our short visit made it impossible for us to avail ourselves of their hospitality to the extent we should have wished.

MATHERSON LANG.

### MUSICAL FESTIVAL

To the Editor: At the regular meeting of the committee of the Victoria Musical Festival Association our attention was drawn to an anonymous letter, signed "Violin Teacher," which appeared in Friday's issue of The Times. If your correspondent had first consulted with any of the members of our committee this letter would have probably never been written, but as it has been, and has perhaps created false impressions in the minds of some I have been instructed by the committee to ask you to be good enough to publish this reply.

"Violin Teacher" complains, speaking particularly of the selections chosen as test number for the competitions for violin at next Easter's festival, that the "advanced or brilliant student is prevented from showing his prowess, while the test piece chosen for the primary class is much too difficult," and suggests that in future the test pieces be chosen from the syllabus of the Royal Academy or any Canadian institution of good standing. Further, the statement is made that these selections were chosen by a "local individual, herself a teacher in music."

The real facts are as follows: A sub-committee of eight of our members, known as the music selection committee, was appointed, and by them the work ascribed by your correspondent to an "individual" was done. The work was taken very seriously by this committee and a number of meetings were held and much time spent before conclusions were reached. Attention was also given in response to the request made by our president at the public meeting held September 11. In the violin section it happens that all the test pieces were chosen from the syllabus of the Toronto Conservatory of Music, and this is probably a sufficient guarantee of their suitability. The grading is as follows: Class 27 (in our syllabus) primary, under twelve, is given a number from the list for practice, examination at the Toronto Conservatory, class 28, junior, under fifteen, a selection from the junior list, class 29, under nine-

1203 BROAD ST.

## Are You in Favor of Building the Next Section of the New Cathedral on the Foundations Already Laid?

Objective of Building Fund for 1926.....\$300,000

Total of Building Fund to date.....\$210,000

I hereby subscribe the sum of \$.....to the Building Fund of the new Christ Church Cathedral, to be paid as follows:

\$..... Monthly  
\$..... Quarterly  
\$..... Annually

Name..... Address.....

Cut this out and send (or deliver) to the Hon. Treasurer, Christ Church Cathedral Buildings Ltd., Memorial Hall, 912 Vancouver St., Victoria, or c/o Litchfield's Ltd., Government Street. An official receipt will be given or mailed to you.

teen, one from the intermediate list, and class 30, open, is given two selections chosen from the final or association examination list. This situation is true also of the piano list, and largely in the vocal section as well.

As to the final suggestion re adjudicators a notice of the arrangements made in this connection will very shortly be made.

While the suggestion made that these people should not be connected with the teaching profession is not a practical one, they will of course not be local people.

Thanking you for your space.

G. HOLDCROFT.  
Corresponding Secretary, Victoria Musical Festival Association.

### WHITHER ARE THEY DRIFTING?

To the Editor:—I was quite interested in reading your editorial yesterday (19th), under the above heading. And there is much to be said for your view of the situation, especially as it affects the striking coal miners in Great Britain. But there is another side to the issue, just presented by the Montreal Witness, which seems to deserve serious attention; and, though the strike is such a terrible industrial instrument, please give space to a quotation from the Witness editorial: "There are two strongholds that the owners will not surrender. They will not make terms with the miners in national union; and they will not allow them to work any less than their utmost."

Seen in view of the constrained nature of their work, we can believe it, that year in and year out, the output of a seven-hour day would be as great as that of eight hours and the men would be happier and less fatigued and given to drink. From the owners' point of view, they would also be more independent. The latter dispute the right of millions of miners to agree together to control the terms of their work. They never raise the question as the rightness of a few men who have come fortuitously into control of the nation's most vital organ agreeing together to do as they please with it, for their own petty ends, no matter whether Britannia sinks or swims. The thing is so preposterous that it must come to an end; and, if the Government that they pretty much control cannot bring it to an end, it will bring the Government to an end. The so-called owners are boasting from their shortsighted point of view that the miners now see that they cannot win. They do not turn their eyes round and see, what the Government now sees, that it must break with the owners or it cannot win."

May it not be that "the wise men of the dispute" who are going back and thus "making sure" of their "jobs" are, after all, too selfishly wise?

WM. ELLIOTT.  
Victoria, Nov. 20, 26.

The earliest existing issue of the oldest known house organ in the United States, continuously published since 1873, is a copy of The Fall River Line Journal for May, 1881.

## Fat an Indicator of Bodily Condition

Just how much fat under the skin is normal has been a question to which physicians have given considerable attention, particularly in recent years.

There is no doubt that a superabundance of fat, causing great demands upon the body metabolism and interfering to some extent with the physical functions of the heart and the lungs, particularly when these organs are crowded by fatty tissue.

On the other hand, a lack of fat beneath the skin is associated with the development of wrinkles. In a child, when the skin hangs loosely upon the bones or muscles or when it can be raised in folds between the fingers, there is some fat deficiency.

### TOO MUCH EMPHASIS

Recently, too much attention unquestionably has been placed on body weight as the one important factor in child health. Weight must be considered in relation to height, age, and the general condition of the tissues.

The bones may vary in size so that a child who is of correct weight according to the height-age-weight tables may still be very poorly nourished. He may have large bones and fully developed muscles, or small bones and an abundance of fat.

Study of various body conformations has revealed that persons vary also in build according to their hereditary and racial group. Persons may be very slender, slender, medium, fleshy and very fleshy.

No one expects a Japanese to grow as tall as a Norwegian, nor are the pigmies of Central Africa to be compared with the giant negroes of other portions. Proper weight is an important sign of health, but the determination of proper weight must depend on adequate consideration of all of the factors concerned.

### TWO KINDS OF MUSCLES

Many persons vary in the amount and in the character of their muscles. The physical culture fanatics and the professional strong men, who offer courses in the development of the musculature, emphasize big muscles as the prime factor in a healthy body.

On the other hand, many of our greatest athletes have had muscles which seem hardly visible when at rest, but which have in them all of the latent power necessary for accomplishing the most difficult physical tasks.

The physician who examines a child feels the muscles to determine whether they are firm and sufficiently developed to meet the average development of the child of the same age and body build. Muscles that are flabby and which respond poor-

### An All-Cleansing Foam

That Surges Into Every Crevice and Interstice of All Your Teeth.

NO toothbrush ever made can reach the real danger spots of your teeth. But the all-conquering foam from Gibbs Dentifrice invades every nook and cranny, every tiny crevice, where germs lurk, food deposits cling, and decay starts.

Germs are destroyed and all impurities are washed away. Every one of your thirty-two precious teeth receives a clean bill of health.

Every one is polished to natural pearl-like beauty, for Gibbs Dentifrice cannot scratch or wear the enamel.

Buy a case of Gibbs Dentifrice for each of your household to-day. Use it three times a day. Visit your dentist twice a year for examination, so you will ensure a lifetime of sound, beautiful teeth.

Popular size, 25c.; large size, 50c.

## YOUR BABY and MINE

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

Mothers write me with a great deal of pride that they are still nursing their babies (sometimes at thirteen and fourteen months) but that they are getting food from the table. They consider that they are doing what should be done in the way of nourishing their babies. Another idea which floats about persistently and bobs up in each batch of mail, is the query about ice cream and cookies and mashed potatoes. Will little tastes of these hurt the baby?

All of which only goes to show that mothers look upon their babies' diet as a matter of judgment, choosing little bits from all the foods that look soft and easy to digest and adding them to a milk diet. The food properties of what they are giving the children, or the fact that anything one gives a child is "food" and not a pleasant pastime for his stomach, never seems to dawn upon them.

One must realize that every bite of cookie and every taste of ice cream has a food value. Is it the food value that the baby needs in his

## SOCIAL PERSONAL

### CONSENSUALLY DENIES COMPELSION IN FIRST MARRIAGE

Alleges Reason for Mariborough Annulment "Foul Slander"

London, Nov. 22.—While the former Duchess of Marlborough is reported to be in Southern France. The People, a weekly newspaper, publishes an interview with her in Paris, which throws a new light on the annulment of the Marlborough-Consuelo Vanderbilt marriage.

The writer quotes Consuelo, now Madame Jacques Balsan, as declaring indignantly: "I say once for all, the suggestion of undue pressure is the foulest slander that could be uttered against my father and mother, both of whom should only have been parties to the match had they not been studied my welfare."

Admitting she may have been a little romantic and easily persuaded in her own heart, under the glamour of a first love, that it was for her own happiness that she was taking the step, she went on:

"But I want you to be clear. The step was mine and I alone was responsible for it. Disillusionment came soon, but that is my business. It is only because my parents have been attacked that I speak out now."

## MRS. MATHESON LANG SPEAKS TO STUDENTS

Tells B.C. Dramatic School Theatrical Art Most Comprehensive of All

That theatrical art is the greatest of the arts, comprising as it must, a thorough knowledge and application of literature, music, dancing, painting and sculpture, was the theme of an address by Mrs. Matheson Lang (Hutcheon Britton), given yesterday afternoon, at the B.C. Dramatic School, before the students and many interested friends.

Mrs. Lang was introduced by Major Bullock-Webster. Mrs. Lang spoke at length and in a most helpful and practical way to students of the drama, emphasizing the importance of pure English, devoid of any pronounced accents. The recent rabid criticism of the Oxford accent by the highest critics in England, she characterized as very pleasing and hopeful to those who are striving for a pure standardized English. It is only by absolute freedom from any local accent that an actor can hope to adopt the various dialects which may be assigned to him in the portrayal of any given parts, she said.

The study of the best in literature beginning with the immortal Shakespeare, was advocated; Jane Austen for pure English, in wonderful character study, Dickens, for a wealth of types; Galsworthy's "Forsyte Saga" for modern, average family life in England; Bennett's "Fives Towns"; Jacob's "Strange Sea Characters," were all suggested.

The cultivation of music, so artistically used by Shakespeare to heighten and enhance certain desired effects, was warmly commended.

"Temperament" as such was discouraged by Mrs. Matheson Lang, who has it or has it not, and one succeeds not because of eccentricity, but in spite of them. Individuality should be preserved, and all costs and the gifts of Nature should neither be abused nor despised, above all, technique should be acquired, so much to be desired, so greatly to be depended upon in contrast to mere emotional acting. The study of human nature at first hand is a liberal education in dramatic art.

Mrs. Lang urged the young students to keep self, the instrument, alive, alert, broad-minded, with a due sense of proportion. Miss Ella Pottinger thanked Mrs. Matheson Lang for her inspiring address and for the delights of the theatrical productions which she and her distinguished husband and company have been giving to Victoria. Miss Pottinger presented flowers on behalf of the B.C. Dramatic School.

The address was preceded by several pupils of the School in clever recitations, among them were Mrs. Green of Vancouver and Miss Peggy Piddock.

### ESQUIMALT C.G.I.T. HELD SUCCESSFUL CONCERT FRIDAY

A most successful concert was held last evening at the Esquimalt United Church by the members of the C.G.I.T. A special feature of the evening was a dramatic scene, "The Girls of the C.G.I.T.," singing a group of catchy choruses, as they acted around the fire on a dimly lighted stage. Songs by Miss Wallace, Mrs. Cookman, Mr. Meacham, Mr. Cavan and Mr. Guy were all greatly appreciated, as were the recitations rendered by Miss Brinkman and Mrs. Matheson.

Instrumental music included violin solos by Mr. Law and Master Pimm and several selections by the Clark orchestra, well as a pianoforte duet by Misses Harcourt and Wallace. All the artists were enthusiastically encouraged. Mr. Palmer Morgan added greatly to the success of the evening by his excellent services as accompanist. Mr. Warr was in the chair.

A number of five minutes were given and the opportunity was seized by the audience to sample the delicious candies which had been prepared by the C.G.I.T. girls, these being given with great favor. The well-stocked stall was soon bought up.

## WOMEN'S AFFAIRS AND CLUB NEWS

### NEW REASON GIVEN FOR QUEEN MARIE'S DEPARTURE HOME

Mme. Lambrino Says Evidence in Legitimacy Suit Changed Royal Plans

Paris, Nov. 22.—Zizi Lambrino, former morganatic wife of Prince Carol of Roumania, blames Queen Marie for the annulment of her marriage to Carol, thinks King Ferdinand is a "splendid gentleman," and is quite certain her former husband cannot resume his status as crown prince just now.

"Carol cannot resume the title and prerogatives of heir to the throne of Roumania at the present time," she said to a correspondent for the Associated Press, who interviewed her at her home in Neuilly, not far from the villa of Carpathia. She also declared she was convinced from private advices from Roumania that he would be unwelcome there as the putative sovereign in the event of his father's death.

Zizi believes that evidence presented early this week by her lawyer in her suit to establish the legitimacy of her son, Mircea, is responsible for Queen Marie's precipitate departure from the United States. This evidence consisted, among other things, of a letter from Prince Carol to the queen insisting that he could not leave Zizi in a ridiculous and equivocal position, and that he never would admit that the child, to be born of their marriage should be considered illegitimate. It was said that the queen never replied.

These things, Zizi thinks, caused Queen Marie to call off her dogs for a pretext to curtail her American tour.

Zizi's remarks concerning the queen were not tender and she maintained that Marie alone caused the annulment of her marriage to Carol. The King is a splendid gentleman, trying to be a good Roumanian although his expression in native language is faulty as is the queen's," Zizi said. She also intimated that Ferdinand would have been glad to have his eldest son married to a princess of foreign birth, but that Marie's will prevailed.

Six-year-old Mircea, Zizi said, has been ill with typhoid fever most of the autumn, but now is convalescing and would be able to enter school—whether under the name of Prince Carol or beginning with the New Year. She was confident that in view of the documents submitted in her suit that the French courts will declare him legitimate and order his registration at the Lycée Michelet as such.

Zizi's remarks concerning the queen were not tender and she maintained that Marie alone caused the annulment of her marriage to Carol. The King is a splendid gentleman, trying to be a good Roumanian although his expression in native language is faulty as is the queen's," Zizi said. She also intimated that Ferdinand would have been glad to have his eldest son married to a princess of foreign birth, but that Marie's will prevailed.

Six-year-old Mircea, Zizi said, has been ill with typhoid fever most of the autumn, but now is convalescing and would be able to enter school—whether under the name of Prince Carol or beginning with the New Year. She was confident that in view of the documents submitted in her suit that the French courts will declare him legitimate and order his registration at the Lycée Michelet as such.

Mrs. J. O. Cameron, the newly-elected president of the auxiliary, is acting as general convenor, and it is hoped that the public will respond generously in order that funds may be raised for the renovating and furnishing which is imperative at the institution.

Oakland, P.T.A.—The Oakland Parent-Teacher Association will hold its five hundred party in St. Alban's Hall, on Wednesday, November 24, at 8 p.m. Refreshments will be served.

Church of St. Mary's—The ladies of St. Mary's Church, 2025 Stanley Avenue, will hold a sale of fancy and useful goods, dolls, hats and dresses included, on Wednesday afternoon, 3 o'clock, in the church. Afternoon tea will be served. Donations will be welcomed any time.

Chapter Busy on Children's Fancy Dress Ball Plans

Final plans for the annual children's fancy dress ball to be held at the Empress Hotel on Monday, December 27, under the auspices of the Navy League Chapter, I.O.D.E., were made at the meeting of the chapter held on Friday afternoon, the recent, Mrs. Mortimer Appleby, presiding.

Three new members were welcomed, Mrs. Greville Jones, Mrs. W. McArthur and Miss Elsie Snider. Business included the receipt and distribution of thirty I.O.D.E. calendars, ten of which are to be placed in the classrooms of the Boys' Central School, which the chapter has adopted. It was reported that the chapter had decorated the cross of sacrifice and the soldiers' graves at Ross Bay cemetery on Armistice Day and had also placed a wreath on the war memorial.

Central W.C.T.U.—The Central W.C.T.U. will meet Thursday, November 25, at the home of Mrs. H. Knox, 1253 Pandora Avenue. These ladies will be a shower of comforts for distribution among the men in lumber camps.

Reformed Episcopal Tea—Through the kindness of Mrs. D. C. Hughes, who is lending her home, 903 Heywood Avenue, for the occasion, the Ladies' Aid of the Church of Our Lord, Reformed Episcopal, will hold a silver tea in aid of the Bishop Crigge memorial fund, on Thursday, November 25, from 3 until 5 o'clock. A most attractive programme promises an enjoyable afternoon to all who attend.

Oak Bay United Church—The ladies' aid of the Oak Bay United Church will hold a supplementary sale of useful and fancy articles, in the vacant store, corner of Douglas Street and Pandora Avenue, next Thursday morning at 10 o'clock.

St. Mary's, Oak Bay—The ladies of St. Mary's Guild have been preparing and working for some time for their annual bazaar and sale of work to be held in the hall, Yale Street, Wednesday afternoon, December 1.

Municipal I.O.D.E.—The Municipal Chapter will meet for Thursday, November 25, at headquarters at 2 p.m.

Elke's Bridge Dance—The ladies of the Royal Purple are putting on a bridge dance at the Elke Hall on December 7 at 8.30 p.m. The proceeds will go to the Christmas Relief Fund. Members and their friends are cordially invited.

Catholic Card Party—The Esquimalt Sub-division of the Catholic Women's League will hold a card party and social at the new room behind St. Mary's Church, Victoria, West, on Tuesday evening, at 8 o'clock.

### TWO COATS

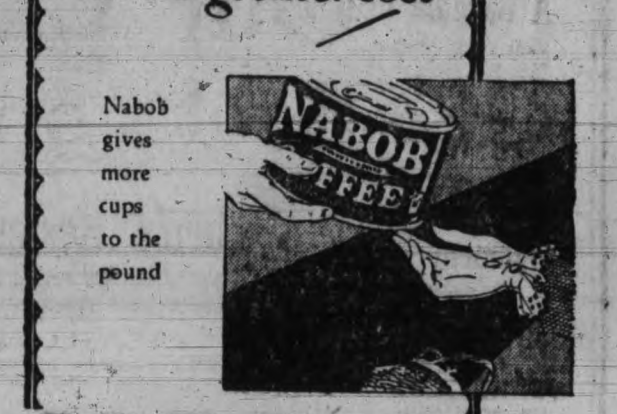

This season's frock often has two coats, one a sleeveless affair of velvet or kasha, and an outside one of fur or heavy wool material.

The Parent-Teacher Association held their Christmas party on Thursday evening at the home of Mr. W. B. Johnston. A large amount of business was attended to, including plans for the annual Christmas Tree. Fresh interest has been aroused in this worthy organization as evidenced by the great increase in attendance and membership. The January meeting will be held at the home of Mr. and Mrs. J. S. Stingers.

In the recent egg-laying contest, which was held at Sidney Experimental Station, P. G. Stebbing's pen of white wyandottes made the highest score in their class, his best hen laid a total of 294 eggs with a total of 34.4 points. This is considered a very good record for that breed.

## MANY HOSTESSES FOR Y.M.C.A. TEA

Wednesday's Affair to Aid Much-needed Renovating and Furnishing

Many additional hostesses are taking guest tables at the novel tea which the ladies' auxiliary of the Y.M.C.A. plan to hold in the gymnasium there on Wednesday afternoon, November 24. Those who have taken tables to date are Mesdames C. Pen-dray, S. Drake, E. Tomlin, W. Hudson, Whittington, G. Straith, A. Mallett, Alexander, Gillis, McLaughlin, Sullivan, F. B. Scurrell, Mark Graham, W. Pickard, R. W. Mayhew, G. Richardson, Ormond, Armstrong, Watson, Pearce, Freeman, F. McGregor, A. Parfitt, S. V. Bowers, R. Brechler, L. K. Poyntz, W. N. Gunning, Laing, F. C. Mawhinney, D. O. Campbell, Robert Moffatt, Beck, Spence, Bengough, Fowler, F. C. Dil-lough, Look, Miss Gladys Hinton and Miss Thelma Bucklin.

Mrs. J. H. Fletcher will preside at a table reserved for the artists of the afternoon and special guests, and Mrs. S. J. Willis and Mrs. H. H. Smith will have charge of the decorations. Mrs. J. W. Spencer is sending a donation and Mrs. D. O. Cameron and Mrs. H. T. Elliott, who are unable to attend, are jointly provisioning a table.

Mrs. J. O. Cameron, the newly-elected president of the auxiliary, is acting as general convenor, and it is hoped that the public will respond generously in order that funds may be raised for the renovating and furnishing which is imperative at the institution.

# STEAMSHIP YOSERIC BATTLED SIXTY-MILE-AN-HOUR GALE WITH COAL BUNKERS EMPTY

Bank Line Vessel Bound From Mackay, Australia, to Vancouver With Cargo of Sugar, Fed Fires With Wood When Coal Supply Ran Out; Wind Reached Velocity of Sixty Miles an Hour

Battling her way through a sixty-mile an hour gale during the last week of her voyage, the steamship Yoserice, of the Bank Line Limited, owned and operated by Andrew Weir and Son, arrived at Pier One, Rithet's Docks, Victoria, this morning, with not more than two shovelfuls of coal in the bunkers. When the coal supply began to get low the crew commenced to feed lumber into the fires in an effort to get more speed out of the ship.

Capt. S. Letton, master of the vessel, sought the comforts of his bunk after the vessel was securely tied up here. The skipper has been on the bridge for many hours and during the last two days he had been worried considerably as to the safety of his command.

Bound to Vancouver from Mackay, Queensland, Australia, with a cargo of 6,546 tons of sugar, the Yoserice on Saturday and Sunday, November 13 and 14, encountered a terrific gale, and for forty-eight hours fought her way through heavy seas that swept over the decks. The wind blew from east by south-east.

During the latter part of last week the Yoserice again ran into heavy weather and with the fuel getting low the captain and officers were anxious. Yesterday the storm abated and the vessel was successful in making better time. Early this morning Race Rocks were sighted and the Yoserice arrived at Rithet's Docks at 6 o'clock.

She will load seventy tons of coal here and will leave for Vancouver late to-night.

The Yoserice is a war-built steamship, having been constructed at the yards of Sir J. Laing and Sons, Sunderland, in 1915. She is registered at the port of Glasgow. After being built she was named the War Parrot, but her name was changed to Yoserice when purchased by the Bank Line.

The vessel's dimensions are: Length 400 feet; breadth 52.4 feet and draft 28.5 feet; net tonnage, 3,221.

After discharging her sugar at Vancouver she will take on a cargo of grain either at Vancouver or Prince Rupert, consigned to the Old Country following which she will bunk at Comox.

It is two and a half years since the Yoserice has been to her home port. During this time she has been around the world twice. For the past eight months she has been carrying phosphates between the South Sea Islands and Australia.

During her stay in Victoria she is being handled by King Brothers, local shipping agents.

## Islands

Mayne Island, Nov. 22.—Mrs. Palmer of Victoria is staying with her brother, Mr. Naylor.

Colonel Flick of Galliano Island paid a short visit here.

W. Deacon has returned after a few days spent in Victoria.

Mr. and Mrs. W. Halder have been staying with Mrs. McNeill.

Colonel Newcombe of Galliano Island was a recent visitor here.

Mrs. Naylor gave an enjoyable supper party. Among those present were Capt. and Mrs. Anderson, Mrs. Palmer, Mrs. Cullison, Mr. and Mrs. J. Robson and J. Cullison.

Mrs. J. Robson gave a very jolly supper party on Saturday evening. Among those present were Mrs. Naylor, Mrs. Palmer, Capt. and Mrs. Anderson and Miss Berry.

Recent guests at Grandview Lodge were Mrs. Palmer of Victoria and J. Mansel of Galliano Island.

## GALIANO

Galliano Island, Nov. 22.—A meeting was held in Galliano Hall. A large number of people were present. A. C. Taylor was in the chair, and P. Scoones acted as secretary. A good deal of business was discussed, and it was decided to give a children's party just before Christmas. A committee was chosen to collect funds from the members to arrange the date, also to help Miss Fellow with the Christmas tree at the breaking up of the school. The committee selected consisted of Mrs. Denroche, Mrs. Hardy, Mrs. Lord, Mrs. Harris, Mrs. Twiss, Mrs. Morgan and Mrs. Banwick.

A concert is to be given in Galliano Hall on Friday, December 3, when amongst the artists will be Mrs. Warn, Miss Hicks and Miss Ida New.

P. New and P. Hardy had a narrow escape when the car they were in skidded and turned a somersault. Fortunately they were unhurt, and managed to crawl out. The hood and windshield of the car were badly damaged.

J. Adams of Los Angeles, who has been staying here for some time, will shortly move to Vancouver. He has been here as architect for the Union Oil Company.

N. R. Walkin was a visitor to Sidney.

Miss Ida New is visiting her parents, Mr. and Mrs. New.

J. Lloyd has been visiting in Sidney.

Miller Higgs has been spending a few days in Victoria for the fox show.

Colonel Newcombe and Colonel Flick have been paying a short visit to Mayne Island.

J. Mansel has been staying on Mayne Island.

## SATURNA

Saturna Island, Nov. 22.—Mr. and Mrs. G. Payne on the yacht, the Saturna, have been to Chemainus for a few days' duck shooting, and were accompanied by Capt. Higgs and Mrs. J. Dick.

Major and Mrs. Pender of Pender Island have been spending a few days with Mrs. D. Macdonald.

Seward, Alaska, Nov. 21.—Departed: Alameda, yesterday, south.

Prince Rupert Route: Union Steamship: Every Tuesday at 9 a.m. from Vancouver at 1 p.m. from Prince Rupert, etc.

Canadian National: Mondays and Thursdays from Vancouver at 8 p.m. Queen Charlotte: Fortnightly service from Vancouver.

3y SISTER MARY

BREAKFAST—Chilled, melon, wheat cereal cooked with dates, thin cream, crisp rice toast, milk, coffee.

LUNCHEON—Minced lamb on toast, carrot salad, whole wheat bread, Canadian grapes, milk, coffee.

DINNER—Cream of celery soup, pan broiled pork chops, baked potatoes, stuffed tomato salad, apple meringue pudding, bran bread, milk, coffee.

Carrot Salad: One cup grated carrot, 1-2 lemon, 1-2 teaspoon salt, 1 teaspoon sugar, lettuce.

Grate rind from lemon and squeeze out juice. Whip cream until solid and fold in lemon juice, grated rind of lemon, grated carrot, salt and sugar. Drop from a spoon onto hearts of lettuce and sprinkle with paprika to serve.

This is an excellent salad for small children as it is, and if finely chopped nuts are added it will be found very satisfactory for older children and adults.

Major and Mrs. Pender of Pender Island have been spending a few days with Mrs. D. Macdonald.

# U.S. COAST GUARDS Described as "White Rat With a Black Heart"

Department of Justice Agent Described as "White Rat With a Black Heart"

Boston, Nov. 22.—A Department of Justice agent who collected evidence against four members of the coast guard service who are on trial by court martial here charged with trafficking with bootleggers was described by defence counsel yesterday as "a white rat with a black heart."

Presenting his closing argument on behalf of Boatwain Marcus Haley, former commander of the patrol boat 241, Attorney William H. Lewis declared Haley was the victim of a "frameup." The attorney said no evidence had been adduced that the boatwain, framed from run runners or paid money to members of his crew, used the patrol boat to deliver rum cargoes or consorted with officers of rum runners.

The taking of evidence in the case against Haley was concluded yesterday and Lewis and Commander William H. Wheeler, prosecutor, finished their arguments. Those still to be tried are Chief Boatwain's Mate Robert E. Taylor, and Seamen Francis P. McIntyre and John H. McEwen.

In his address Attorney Lewis directed his attention to a mysterious "Wilson" named by several witnesses as having passed money in connection with liquor operations at which it was testified the patrol boat crew had winked. Haley, who took the stand Thursday in his own defence, said he had been told that "Wilson" was a department of justice agent. He denied having received money from Wilson.

Boatwain C. G. Halverson, executive officer of the South Boston coastguard base, testified yesterday to general orders forbidding undue familiarity between coastguardmen and rum runners. Haley had admitted that on one occasion he took aboard his vessel the skipper and radio man of the British schooner "Im Alone," known as a rum runner.

TO DISCHARGE 300 TONS OF FREIGHT, including a shipment of coke, the C.G.M.M. freighter Canadian Pioneer arrived at Ogden Point on Saturday night at 7 o'clock from the United Kingdom, via Seattle. The vessel sailed yesterday afternoon at 3 o'clock for Vancouver.

# C.P.R. Flagship Makes Last Trip To St. Lawrence

On her final trip of the 1926 season to the St. Lawrence, The Empress of Scotland docked at Quebec yesterday afternoon with an exceptionally heavy list of passengers for a November crossing.

The Scotland, in addition to a number of passengers from the other side who are about to take the 121-day cruise from New York, in charge of Capt. R. G. Latta, had a number of regular transatlantic passengers of note, among whom were included R. S. Rea of Brynmawr, Penna, former president of the Pennsylvania Railroad, returning from a combined pleasure and business trip to Europe, the Duchess of Delmonico of Detroit, a regular traveler on the liner, Capt. W. M. Crawford of Vancouver, B.C., manager of the Empire Stevedoring Company, accompanied by his wife; Mrs. G. D. Wickett of Walkerville, Ontario, wife of the president of the Essex Lake Shore and Western Railway, and a number of other notable passengers.

H. N. Baird of Montreal, assistant to the president of the National Steel Corporation, and L. Geras, destined for Montreal, where he is charged with the duties of the Canadian de Affaires of the Soviet Legion, in addition. In addition the Scotland carried a traveler from far off films of the person of the Rev. Father Rev. Beyruth, Syria, a prelate in the Greek Orthodox Church, who has come out to Canada for service in the Greek Orthodox Church, and Americans and Canadians completing their list.

The construction of the giant drydock at Esquimalt, B. C., is the most important event in Canada's port development on the Pacific Coast," says The Marine Engineer, published in Glasgow, commencing upon the opening of the new drydock here.

This is one of many similar comments passed by marine and shipping papers and magazines all over the world, since the opening of the huge basin. A full article accompanying a large picture of the dock was sent to these papers by the Victoria Island Publicity Bureau. In practically every case the articles were printed and the publications in which they appeared are now coming in to the Bureau.

Another important marine magazine in which the drydock was featured, was "The Shipbuilder," one of the best shipping publications in England, issued in London. Under its column, "Colonial Centre," it deals with doings in Canada, featuring the drydock at this port.

Pacific Commerce in Here Yesterday From U.K. Ports

Inbound from the United Kingdom the Furness-Pacific motorship Pacific Commerce arrived at the Outer Docks yesterday afternoon at 2.30 o'clock. The vessel discharged forty tons of cargo.

While berthed here 170 tons of freight were loaded, including a shipment of whale oil consigned to Scotland.

The Commerce sailed at 1.30 o'clock this morning for Vancouver.

SAN FRANCISCO SHIPPING

San Francisco, Nov. 22.—On her maiden voyage to the Pacific Coast, the steamer Chetopa arrived here Saturday from Galveston. The vessel is one of several recently purchased by the Charles Nelson Company from the United States Shipping Board. The Chetopa is to be put into the company's service on this coast. The vessels which were purchased will be brought to the coast as soon as possible.

The Ventura will be the first oceanic liner to sail under the new schedule, leaving Thursday for Australia. The vessel will take out ninety passengers and a heavy cargo. The schedule is for a sailing from San Francisco every third Thursday.

The Tenyo Maru, N.Y.K. liner, arrived from the Orient yesterday with a valuable cargo and more than \$2,500,000 in her specie tanks. The gold is from Japan being shipped to the United States banks to clear balances.

ANDANIA STANDING BY

London, Nov. 22.—Valencia dispatches to Lloyds yesterday state that the British steamship Andania is standing by at Lloyds, waiting for a sailing to New York.

Canadian Seignior, arrived London November 19.

Canadian Transporter, left Glasgow November 13.

Canadian Winner, left Antwerp November 14.

# TUG DAHIDA SINKS NEAR JACK ISLAND

Boilers Explode on Anacortes Vessel and Crew of Nine Still Missing

Anacortes, Wash., Nov. 22.—The tug Dahida, which carried a crew of nine, sank near Jack Island in Puget Sound between here and Bellingham, Wash., yesterday. None of the crew had been found last night. Wreckage of the vessel was found on the shore of Jack Island. The tug sank in 365 feet of water. Persons who examined the wreckage said an explosion of the ship's boilers at 2 o'clock yesterday morning preceded the sinking. A majority of the crew usually is asleep at that hour. The vessel was en route from Anacortes to Bellingham.

Search for the vessel was started after it failed to arrive in Bellingham on schedule. Ships scouring the Sound found a log raft which the tug was towing and wreckage, which included splintered fragments of the pilot-house and lifeboat, led to Bellingham.

The Dahida, an eighty-five-foot steam tug, was registered to the Gilkey Brothers Towing Company of Anacortes. She purchased it from the Los Angeles Shipbuilding Company. It was built in Seattle twenty-four years ago.

The crew was as follows: George H. Hansen (captain) who had a wife and three children; James Hild, mate, wife and two children; George Northrup, first assistant engineer, a widower; William H. Hansen, second assistant engineer, a widower; Charles Craig, fireman; John Kanaga, fireman; L. Christensen, cook; and Sam Brannison, chief engineer. Brannison lived in Bellingham, and the others in Anacortes.

Anacortes, Wash., Nov. 22.—With one body recovered, a search by United States coastguardsmen went forward today for the rest of the crew of nine on the eighty-five-foot tug Dahida, which sank after an explosion two miles from here yesterday. The body was identified as that of William Hansen, deckhand and brother of the ship's master. It was washed ashore on the shore of Samish Island, ten miles from the scene of the sinking.

In a hope that part of the crew escaped alive, a search of the beaches of the many islands near here was begun by volunteers. The likelihood of anyone escaping the explosion, which demolished part of the craft, was declared slight, however.

A United States steamboat inspector was due here today to investigate the explosion, the time of which was placed at 2 o'clock yesterday morning.

The vessel, which was towing a log

Union Steamships Ltd.

## Stars Of Vaudeville Featured In Big Film At Capitol This Week

Huge Theatre Was Built Right In Studio to Film the  
Players-Lasky Feature, "You Never Know Women"

With the magic waving of contract blanks a few months ago, Famous Players-Lasky executives suddenly robbed the vaudeville circuits of a dozen "big-time" acts.

And, just to assure Florence Vidor that her first starring picture was to have the profession's real flavor, they built a huge theatre right in the studio.

Ernest Vajda, Hungarian dramatist, who wrote "You Never Know Women," showing this week at the Capitol, is the culprit who made booking agents turn grey over-night.

El Brendel, famous comedian-pantomimist, having been the main laugh feature of the Winter Garden Shows for many years, was placed

### Where to Go To-night

Capitol—"You Never Know Women."  
Dominion—"The Quarterback."  
Coliseum—"The First Year."  
Playhouse—"The Maid of the Mountains."  
Columbia—"Zander the Great."  
Crystal Garden—Swimming and Dancing.

under a long-term contract by Paramount.

Then, there's Joe Bonomo, internationally known strong man. Joe is not new to the movies. It will be remembered that he starred in a number of serials.

Other acts include "The Slaymah," All Troupe of Blue Devils, "tumblers and pyramid builders," a noted Russian dancing quartet, "The Berk-offs," The Russian Balalaika Orchestra of twelve pieces, playing native instruments; Euse Enoch, contortionist, and four marvelous jugglers.

Clive Brook, popular English actor, and Lowell Sherman, headliner of the supporting cast at the Capitol this week.

### Marion Davies in Famous Stage Play On Columbia Screen

"Zander the Great" Opens at  
Popular Theatre For Three  
Night's Run

"Zander the Great," the famous stage play, adapted for the screen by Frances Marion and starring Marion Davies, will be shown at the Columbia Theatre, beginning to-day and continuing for three days. Perhaps never in her career has Miss Davies been so admirably cast as in the role of "Mamie," the demure, whimsical yet humorous heroine of "Zander the Great."

A different angle and a new twist has been given the play by the introduction of several comedy characters, who divide the picture equally into two portions—one devoted exclusively to the comedy element and the other to an epic drama of the Far West.

The quick moving plot is punctuated with the swifter moving action of cowboys, bandits and rum-runners, who engage in a tremendous battle in the sweeping spaces of the Mojave desert.

This provides the western sequence which is enacted against the towering walls of high mountains and on the broad expanse of desert, with a sandstorm of blinding intensity.

### RICHARD DIX AS "THE QUARTERBACK"

AT DOMINION THIS WEEK

### "Maid of Mountains" Hinck's Offering on Playhouse Stage

Warner Brothers' Classic "Bride of the Storm" Will Be  
Shown on Screen

Beginning Monday, Reg. Hinck offers that lovely musical comedy "The Maid of the Mountains." This is being presented in practically its original form as to plot, characters and music. Eva Payne is Teresa, The Maid of the Mountains. Charles Courrier is Balduar—the Brigand. Leslie Martin, a new addition to the company, is the Governor. Mr. Martin is the possessor of an excellent bass voice and will be heard to good advantage in this role in acting as well as in singing. Vivian Combe and Harold Bechtel are Victoria and Crumple respectively. Arno Burton is the Governor's wife and Roberta Balcom is Pepita, a dancing girl.

Much of the action of J. Stuart Blackton's production for Warner Bros. of "Bride of the Storm," the Playhouse screen attraction, from the story by James Francis Dwyer, adapted by Marion Constance, takes place in and around a lighthouse, which was built particularly for this picture on the California coast near Laguna Beach.

"Bride of the Storm" showing at the Playhouse all week.

### "Student Prince" To Pay Return Visit

To maintain the same excellent standard of last year's organization that played "The Student Prince" here, the Messrs. Schubert, presenters of the operetta, have taken the pick of the nine companies that toured last year and assigned them to the different roles in the Donnelly-Romberg opus.

"The Student Prince," with its wealth of tuneful numbers, its riotous male chorus and the eye-staggering effectiveness of its third act setting, still remains the outstanding musical play of the time. Over five million theatregoers have witnessed it.

This year's company is headed by Lloyd Garet, as the Prince and Ruth Williams as "Kathie." Others prominent in the company are: Robert Greig, Gus Alexander, Emmy Nicolas, Robert C. Long, J. S. Murray, James Heenan, Carl Formes, Tania Shainova, Margaret Cantrell and Gertrude Maitland.

The Student male chorus of fifty voices still remains an outstanding feature of the operetta.

"The Student Prince" will be seen again at the Royal on Thursday, Friday and Saturday, December 2, 3 and 4.

### HOW TO FEED A GROWING CHILD IN WINTER

Medical science teaches that properly fed children are never sick.

There are two classes of foods, "acid-forming" and "alkali-forming." These should be fed in proportions of one-third acid to two-thirds alkali, to keep the blood normally alkaline.

When too much acid-forming food is eaten acid accumulates in the blood and sickness is inescapable, in child or adult.

Dr. Robert G. Jackson, at 55 a physical wreck, is at 67 a vigorous, forward-looking, youthful man planning years of strenuous effort. His great health change resulted from eating natural foods: nuts, fruits, vegetables, Roman Meal, milk. These can do even more for children in their developmental period. Dr. Jackson is dietetic editor, "Archives of Therapeutics," New York, a physicians' journal; advisor to "Defensive Diet League," a physician association. Send for his free leaflet, "How to Keep Well," to Robert G. Jackson, M.D., 247 Vine Ave., Toronto (9), Ont. (Adv.)

### "The First Year" at Coliseum Is Comedy Of Married Life

Latest Dance, "Swanee River  
Black Bottom," Among  
Vaudeville Numbers

"Tis said of married life that the first year is the worst, and that the first twelve months safely survived there is a chance of success. Such is the theme of "The First Year," which is the title of the coming week's bill at the Coliseum. It is a beautifully written comedy which had a considerable run in New York, where it was produced by John Golden. This play had the distinction of being a show in which the author starred in the leading role. Frank Craven was the actor who played the part of a quiet young business man who wins the girl of his heart from the shiek by whom he seemed to be fascinated.

But it is one thing to marry a girl and another thing to make married life a success, but there were qualities in this young man that made him successful in

marriage as he had been in business and in love.

Gertrude Burton will be seen in the altogether charming part of Grace Livingstone, and Jack Cassidy as the young business man that makes good. The comedy is good right through and "The First Year" is a play that will be enjoyed.

The bill will, as usual, include vaudeville, a special act featuring the new dance craze, "The Swanee River Black Bottom," which is the successor of the Charleston, which it outclasses for speed and pep. This is the first exhibition of the "The Black Bottom" in Victoria, and those who have seen the dance in Seattle or elsewhere, pay it the compliment of being "worse than the Charleston." Miss Fowkes and Mr. Pogson are the dancers.

On Monday special bargain night admits two patrons for the price of one, and Tuesday is known as "family night," enabling those from a distance or with children to enjoy a show which finishes at a reasonably early hour.

### MERRYMAKERS ARE AT CAPITOL THEATRE

The programme to be presented by the Capitol Merrymakers this week at the Capitol Theatre is made

## Only Fresh Tea Good "SALADA" TEA

up of a number of novelty songs and dances. In addition to this, the Merrymakers' orchestra will render several of the latest popular hits, the whole making an exceptionally fine programme.

### THEY SMOKE PIPES

Hollywood, Nov. 22.—Chester Con-

lin, comedian, is seeking to popularize pipe-smoking at banquets and other social gatherings. At a banquet last week Conklin suggested to a group of friends that they retire during the after-dinner speeches for a smoke. Their plan was revealed, and the toastmaster invited them to smoke pipes at the tables.

TUESDAY

Special Early Show at 7.30 for  
Those From a Distance

Milton, Ont., Nov. 22.—Four years in the Kingston penitentiary was the sentence imposed Saturday, by Mr. Justice Rose, on Bert D. Angelo of Hamilton, who was convicted two days ago, of a charge of manslaughter in connection with the death of William Maybee from drinking poisonous alcohol last summer.

## Richard Dix's Latest Starring Picture Will Thrill Lovers Of Football

Paramount Star in Story of Gridiron Game Realizes  
Cherished Ambition of Boyhood

First experiences of any sort usually leave an impression that repetition cannot stale nor the passage of years erase. The arrival recently at Paramount's Long Island Studio of Football Coach "Hurricane" Yost to supervise the filming of gridiron games for Richard Dix's latest starring picture, "The Quarterback," revived pleasant memories for Dix and David Butler, one of the principals in the picture which Fred Newmeyer directed.

When Dix was introduced to Yost, the film star recalled the time when as a high-school lad in St. Paul, Minnesota, he achieved the long hoped-for feat of seeing a game in which one of the contending teams had been coached by Yost, then in charge of University of Minnesota squads. On that memorable day it became the peak of Dix's ambition to play football under the guidance of "Hurricane." He entered the University of Minnesota upon graduation from high school, but was soon obliged to curtail his education and all pleasurable activities in order to earn a livelihood.

But the requirements of "The Quarterback," which shows at the Dominion Theatre to-day, made the

realization of a boyhood ambition possible in manhood. When he began football practice with Yost, preparatory to filming the game in his latest Paramount picture, Richard experienced the thrill that comes from the realization of long-deferred hopes.

David Butler, who helps Dix win the screen encounter, kicked in with a recollection all his own. He recounted a story of the first game he ever attended. The only way he could see the field was by sitting on his father's shoulders. And—Yost was then playing on Leland Stanford's team. The youthful Butler became imbued with the desire to be a gridiron hero, and later entered the University of California in pursuit of higher education and football fame.

Father Ralston, Dix's featured leading lady, never having played football, felt quite out in the cold, not having any reminiscences to contribute.

### MUSICAL NOTES

By G.J.D.

Vancouver this season has an unusually large number of the world's greatest artists visiting its concert platforms. Our own celebrated pianist, Gertrude Healey Green, had a wonderful reception there a few weeks ago prior to her extended concert tour of Eastern Canada and Europe.

Madame Duseau, soprano, and Mrs. Russell, her accompanist, both from Toronto, were engaged for "the opening recital" of the twenty-first of the Vancouver Women's Musical Club held last month. Canada should be proud of her two residents. Both occupy a high seat in the front rank of present day musicians.

The Gryo Club has already given the opera, "Foxy Quiller," and the Kiwanis are just now rehearsing for a production of "The Prince of Pilsen."

Frederic Chubb, the organist of Christ Church, Vancouver, has perhaps done more for organ music than any other organist of the whole Pacific Coast. His recitals for years past have drawn many thousands of people to his organ programmes, and each recital is sure of large audiences.

It is told us that the Scotch folk-song singer, William Heughan, is coming this way this season. Those who have not heard this versatile and talented basso, should not fail to attend his splendid and exceedingly interesting recitals.

Victoria will have the opportunity of hearing within the next few weeks two of the great orators, "Maccabees" will be given by the augmented choir of the First United Church on the last day of the present month, and a few days following this production, the beloved "Messiah" will be rendered by the large choir of the Baptist Church.

The announcement, as was anticipated, that Sunday evening band concerts would be resumed, has created much delight among musical people generally, and especially have lovers of band music expressed their pleasure in the announced arrangements. The opening concert is to be held on Sunday evening next, November 21, at the Crystal Garden centre. The concerts will be given by the band of the Sixteenth Canadian Scottish Regiment by kind permission of Lieut.-Col. Urquhart and officers. For several years these concerts have maintained a high standard, and the best of the city's local singers and instrumentalists have always taken part in the diversified and well-selected programmes.

The London string quartette has been touring South America since last June. The four admirable players are returning to America for another tour at the beginning of the New Year.

Whatever has been said for or against Chicago, it is nevertheless a tremendously musical city. Its choral activities, particularly are multitudinous, and on a very high plane. Its opera season is a gigantic one.

The Apollo Club is the name of Portland's most distinguished singing society.

Seattle has a Civic Opera Company. It will produce this winter "Carmen," "Faust," "Lakme" and "The Witches Well." Not at all bad for the West.

Sir Thomas Beecham, who spent a fortune on opera productions, threatens to come to America to live. Sir Thomas is to be guest conductor of the famous Philadelphia Symphony Orchestra early in the coming year. The great conductor says that since broadcasting has been subsidized by the Government concerts have been seriously affected. He claims that music in England "is doomed."

The Covent Garden Opera, London, has decided to have many important revivals of the great operas. There will be two cycles of the "Ring," a probable revival of Beethoven's "Fidelio," not heard at Covent Garden since 1910, and Flotow's "Martha" may also be given. This latter has not been heard there for well-nigh thirty years.

Leopold Auer, the great violin master, is now eighty-two years old, and is still "taking" pupils, but only the very talented or rich ones.

The new pipe organ, the largest in New York, recently installed in the Paramount Theatre and "opened" last evening (November 19) is said to include every known musical effect.

Eugene Goossens, the English composer-conductor, is at present directing the Rochester Philharmonic Orchestra.

The Crimean veteran, who has just died, aged ninety-one, James Male of Somerset, was made famous in Fred

Weatherley's famous song, "The Midshipman." Male was one of the boat's crew which spiked the Russian guns, the memory of which during exploit the song enshrines.

Florence Easton, a Canadian, is winning fresh laurels with the Metropolitan Opera Company.

The National Bureau of America, organized for the advancement of music, is actively engaged in promoting school competitions. No less than thirty-three orchestras, composed solely of pupils in America's grade schools, won contests held in several states. Here is more evidence of present day efforts made in behalf of music's value in the school curriculum.

Moscow's music season has begun in good earnest. One of its first concerts was an all-Bach programme. An opera season is now opened, and chamber music finds a prominent place in this famous Russian music centre.

Music editors are frequently asked as to the proper pronunciation of artists' names. In this respect there are two ways, either of which, Miss Ney herself says, are correct of pronouncing this pianist's name. In Europe she is "always" known as Madame Nigh, but in America many people seem to prefer Madame Ney. Elley Ney is coming to play here early next year.

### Langford

Langford, Nov. 22.—Mrs. J. W. Jolley of Millstream Road, is visiting her sister, near Nanaimo.

Miss Nan Dick, who has been the guest of Mr. and Mrs. H. Simpson, Foxt Lane, has returned to Vancouver.

Little John Hunter, who has been suffering with a broken arm, in St. Joseph's Hospital, has now recovered and is able to attend school again.

All visitors will be welcomed at the sale of work to be held on Wednesday afternoon from 2.30 to 5, at the home of Mr. and Mrs. Frank Snedley, Goldstream Road.

There will be a work stall, containing pretty novelties for Christmas presents, home cooking table, and afternoon tea will be served. The children will delight in a mystery treasure box. Musical selections including violin solos will be rendered during the afternoon. The proceeds will be given towards church musicians.

### TO SING FRENCH-CANADIAN FOLK SONGS

Charles Marchand, most popular living exponent of French-Canadian folk-music, is touring the Dominion under the auspices of the National Council of Education and will appear in recital at the First United Church on Friday, December 3. M. Marchand will sing these quaint old songs in English, prefacing each number with an explanation of the history and tradition of the songs.

### Saanich Woman Knocked Down By Auto Last Night

Mrs. J. Ingram of Kelvin Road was

knocked down by a car driven by John Pearce of Darwin Avenue, on Dupplin Avenue, Saanich, last evening at 9.30, and was taken to St. Joseph's Hospital where Dr. John Moore attended her. She was found to be suffering from a severe scalp wound but is to-day reported to be progressing favorably.

### MOVIE-ANA

Hollywood, Nov. 20.—The day of many motion picture concerns soon will pass into history. Within the next two or three years, various amalgamations will leave only five great corporations in the field, with possibly a few independent producers of no importance. The "big five" will include United Artists, Metro-Goldwyn-Mayer, Famous Players-Lasky, Fox and Producers Distributing Corporation.

P. D. C. already has combined with Pathé and Keith-Albee. There have been many rumors to the effect that Lasky will buy out Warner Brothers. First National and Universal will both have to cast their lot with one of the larger concerns.

And it is even quite possible that the "big five" will become a "big four" through the consolidation of United Artists and Metro-Goldwyn-Mayer. This step already has been started but so far Charlie Chaplin has blocked it. It may be that Chaplin will withdraw from United Artists and sell his pictures independently, leaving the way open for the merger.

Pat O'Malley may spend the winter making pictures in England, he told me the other day. He has been made an offer by an English producer and it is very likely he will accept.

Movie stars, not content with the fame gained on the silver screen, are now having phonograph records made of their "chatter." I heard one of Hoot Gibson's records the other day and it was simply terrible. I would advise those of the cinema world who wish to remain popular not to force their voices on the public, too.

First-nighters at Carter DeHaven's Fancies at the new Music Box theatre were given more than they expected. In the second act, the stage was adorned with settings from two different scenes which didn't match at all. I am told that all of the stage hands were well-intoxicated.

A reader asks for some information regarding Janet Gaynor. Janet was born in Philadelphia on October 6, 1906. She entered pictures in 1924, and is now under contract to Fox. Her last two pictures were "The Blue Eagle" and "The Return of Peter Grimm," in which she played the leading feminine role.

Hal Roach doesn't seem to be content with anything. This young man, who has become the leading comedy producer through securing leading dramatic stars for his two-reelers, is now going after famous writers. He already has arranged with Jack

### FIRE IN SASKATCHEWAN

Saskatoon, Sask., Nov. 22.—The Canadian Legion Hall at Kerrobert, Sask., was partly destroyed by fire yesterday, the blaze originating from a stove which had been lighted to heat the place for a meeting. The loss is set at \$2,000.

**An Investment of \$40,000**  
to Give Victoria Laundry Users a  
**WONDERFUL NEW METHOD**  
that Guarantees **LONGER LIFE** to Clothes!

**F**OLLOWING the successful example of New York, Los Angeles, Seattle and other metropolitan cities, Victoria now takes its place among those enjoying the very "last word" in scientific laundry service! Two of its leading laundries have grouped their facilities under one roof and by an expenditure of \$40,000 have made the NEW METHOD LAUNDRIES LIMITED an outstanding example of efficiency and economy. Principal among the improvements are the costly new washing, drying and float-ironing machines, permitting the adoption of the "net system," which absolutely eliminates the possibility of wear and tear. Thus **LONGER LIFE** will be the first clothes-saving gift of the new institution to you!

**Also UNIFIED DELIVERY ROUTES, CENTRAL MANAGEMENT AND INCREASED BUYING POWER to assure our Customers GREATER ECONOMIES**

**T**HEN comes the outstanding advantage of eliminating waste. The costly overlapping of routes becomes a thing of the past under the New Method's plan of centralization! Buying power has been doubled; overhead expenses have been reduced; administrative costs have been cut in two, proportionately—enabling the institution to adopt the finest equipment money can procure. This finer service, actually guaranteeing longer usefulness to the finest garments, the finest linens and woollens—is yours at no increase in cost because of modern **EFFICIENCY!** All we ask is this—**TRY** it and be convinced.

**New Method Service IS Different!**

**Two Successful Modern Laundries Now Merged into**  
**A GREATER ONE**

with—**Higher Standards!**

## LAUNDRY MERGER NOW COMPLETED

New Method and Victoria  
Steam Now New Method  
Laundries Ltd.

W. F. Pinfold Will Act As  
President of New  
Company

W. F. PINFOLD

President New Method Laundries  
Ltd.

After weeks of preparation and at a cost estimated to be around \$40,000 the merger of the former New Method and the Victoria Steam Laundries into the New Method Laundries, Limited, was complete in every detail to-day, according to word received from officials of the new organization.

W. F. Pinfold, successful operator of laundries in Edmonton and Winnipeg, will act as president of the New Method Laundries Limited. L.

L. D. McLEAN

Vice-President New Method Laun-  
dries Ltd.

D. McLean, former president of the old New Method plant, is vice-president of the new organization, while M. W. Graham, former manager of the Victoria Steam Laundry, is manager.

The work of remodeling the former Victoria Steam Laundry to handle the combined business of the new institution was completed last week. To-day for the first time the entire new plant is functioning with the new standard of service.

NEW MACHINERY.  
The offices, formerly in the main part of the new plant, have been removed to a separate building adjacent to the laundry proper. They are connected with the main building by the

M. W. GRAHAM

Manager New Method Laundries  
Ltd.

use of ramps and stairways. Immediately on the opposite side of the main building are located the wrapping, sorting and delivery rooms. These improvements alone represent an investment of \$10,000.

More than \$30,000 has been invested in new style laundering machinery. Included in this item are a huge eight-roll "float" ironer, two new "Cascades" type washers, one great new "humatic" extractor which whirls the clothes to the correct degree of dryness for ironing, as well as a seventy-five kilowatt generator which provides the electrical power for the machinery.

The installation of this new up-to-the-minute laundering machinery made it possible for the New Method Laundries Limited to adopt the new "net system," an entirely new system of laundering which we guarantee will give longer life to your clothes and linens. This system eliminates to a minimum the usual wear and tear which clothes had to withstand under the old process. Only such plants as are equipped with the very latest machinery are able to install the "net system."

Now, when a housewife sends her laundry to the New Method Laundries Limited the following routine will be

followed: The laundry will be sorted according to fabric and color. It is then placed in a number of cotton cellular nets, only a few pounds in each. Then a certain number of these nets are placed in one of the monel metal washers which always stay smooth and will not rust, tarnish or corrode. Following this operation the machinery is set in motion and gentle streams of water play over and through the clothing until it is thoroughly cleansed. During this process a small quantity of high quality and very mild white soap is used to further the cleansing.

After a number of minutes in the monel metal machines the clothes are taken out, still in nets, and placed in the extractor. This huge and expensive machine whirled out the water with a spinning motion by centrifugal force. This eliminates entirely the danger of tearing in the old method of wringing.

The drying tumbler, another latest triumph of the laundry engineer's brain, finishes the drying process and your clothes are returned cleaner and fresher than if you had spent many weary hours washing and hanging them out.

The final process is the ironing. This is done by a specially con-

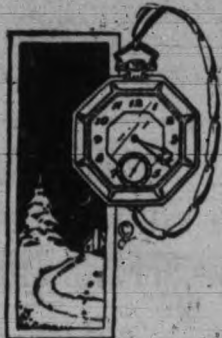

structed eight-cylinder "float-ironer" which irons every garment. Its rollers are protected with pads of elastic felt two inches in thickness which insures absolute protection to every garment regardless of fabric or construction.

Speaking of the merger of the two well-known local laundries, Mr. Pinfold, president of the New Method Laundries Limited, said: "Because of the great expense of the marvelous new machinery which has been invested in the past few years, it is becoming more and more common for two or more laundries to merge to enable them to re-equip themselves properly."

"New York, Los Angeles and nearer by in Seattle and Tacoma, it has been proven that the merger is the only logical procedure," continued Mr. Pinfold. "In Victoria the merger of two powerful and successful laundries, like the New Method and the Victoria Steam plants, can only result in the best and most modern laundering methods for those residing here."

Badly digested food, acidity of the stomach, and sluggish liver cause headaches. Selgel's Syrup will remove these causes. Any drug store.

A lovely Christmas Gift for "Her."

## CATHEDRAL WANTS \$300,000 ASSURED

Will Try to Have Subscriptions Promised by November 20

The up-to-date version of "A bird in the hand is worth two in the bush" is "A subscription promised now to the new Cathedral fund is worth two postponed until later."

"We want to know before November 20," a member of the building committee stated this morning, "how much money we can count upon receiving during the next few years, before entering into a contract for constructing the nave of the new Cathedral, which will mean the employment, and payment, of a number of skilled workmen for that period of time."

It is emphasized that it is not necessary for supporters of the new Cathedral to pay their subscriptions in full at this time. "payment of

subscription may begin at any time most convenient to the subscribers." It is declared, "and may be continued monthly, quarterly or annually as long as desired."

A few more subscriptions have been received during the last two days, suggesting that people are realizing the urgency of the appeal. "Rumors that appear to be believed by some people that more money is not needed, or that the present cathedral is good enough for another twenty years, are false," said the committee member. "There are people who have been heard to say that they think the present wooden cathedral is a disgrace to the Anglican Church and to Victoria; but some of these do not seem to understand that a new stone Cathedral cannot be built without money. After waiting for thirty-six years, and approving of a design for a building which will be a credit to the church, the city and the whole Island community, it will be a great disappointment if the architect's plans have to be reduced or such economies ordered as may spoil the appearance of the building for years."

Solution of the present impasse, it was stated, is for all people who want to see the new Cathedral built, to make known at once how much

they are prepared to give during the next few years towards its construction. Many gifts, large and small, will help to bring the total of the fund near enough to the amount of \$300,000, which the committee has declared, ought to be in sight before the next contract is undertaken.

To offer every opportunity for supporters of the new Cathedral to make their subscriptions, it is announced that next week the Memorial Hall, 913 Vancouver Street, will be open from 9 a.m. to 9 p.m. daily to receive contributions to the building fund. Arrangements have also been made for the use of a downtown store, in which photographs and a model of the proposed Cathedral will be exhibited next week. Subscriptions will be received at Litchfield's Book Store, Government Street, which adjoins the store in which the plans and photographic model will be shown.

"After all," the speaker concluded, "all that we are trying to do is to erect a worthy temple for the public worship of God, in which the Gospel of Jesus Christ may be read daily, and taught and preached frequently, and where residents and visitors alike may come at any time to seek spiritual refreshment, inspiration or rest from its hallowed walls and consecrated shrine."

## LADIES' MUSICAL CLUB

Montreal Maroons and Ottawa Win After Overtime, While Lester Patrick's Rangers Notch Second Win by Beating Toronto; Chicago Lower Colors of Boston; Fraser and Shore Stage Fight; Bill Cook Scores Three Goals; Cy Denennay and Stewart Score Goals in Overtime

Toronto, Nov. 22.—Playing in brilliant fashion both offensively and defensively, the New York Rangers inaugurated the local National Hockey League season here Saturday night with a decisive 5 to 1 victory over Toronto St. Pats. The visitors displayed an outstanding superiority over the local sextette in regard to defensive strength.

The opposing front lines were about equal in respect to speed and in the early part of the game the teams gave a dazzling display of fast hockey.

Standing out in the Rangers' triumph was the brilliant defence work of Abel and Johnson. On the forward line for the New Yorkers, Frank Boucher at centre was possibly best, while both the Cook Brothers gave fine performances. Bill Cook scored three goals. For St. Pats the work of Bourgeault, formerly of Saskatoon, was outstanding.

The lineup: Rangers: St. Pats: Chabot.....Goal.....Roach Abel.....Defence.....Corbeau Johnson.....Defence.....Brydges Boucher.....Centre.....Carson Boucher.....Centre.....Carson Bill Cook.....Wing.....Bellefeuille Run-Cook.....".....Day Murdoch.....Sub.....Bailey Thompson.....".....Bourgeault Rocco.....".....Spring Mackey.....".....Denennay Boyd.....".....Cox Winkler.....".....McCarthy

Referee—Bill O'Hara, Ottawa. SUMMARY: First period—1, New York, Bill Cook, 3.00. Second period—2, St. Patricks, Carson, 1.00; 3, New York, Johnson, 5.00; 4, New York, Murdoch, 5.30.

Third period—1, New York, Bill Cook, 1.00; 2, New York, Bill Cook, 1.25. PENALTIES: First period—Corbeau 2; Johnson 2; F. Cook, Bourgeault.

Second period—Johnson, Brydges, Bourgeault, Corbeau, Abel, Boyd. Third period—Bellefeuille, McCarthy.

Montreal, Nov. 22.—The Montreal Maroons won a 2 to 1 victory Saturday over the St. Louis Blues in the first of the two local games in the N.H.L. this season.

Nelson Stewart's counter on a pass from "Red" Dutton in the overtime session gave the Maroons the victory.

At the end of the scheduled playing period the sides were deadlocked at one goal apiece. In the first minutes of the extra session had been contested when Dutton cleared a Canadian rush in front of the Montreal goal. He started down the centre ice and, nearing the Canadian defence, swerved to the right. The Canadian defence had been drawn to the right, and Dutton whipped over a perfect pass to Nelson Stewart, a bullet-like shot to the near corner of the net.

The battle was waged strenuously from start to finish. There was speed, combination and rugged play. The players displayed a tendency to roughness, and Referee Smeaton directed a steady parade to and from the penalty bench.

The lineup: Montreal: Position: Canadiens: Benedict.....Goal.....Hainsworth Noble.....Defence.....Gardiner Munro.....Defence.....Moran Stewart.....Centre.....Morenz Siebert.....Wing.....Joliat Broadbent.....Wing.....Gange Dalen.....Sub.....Holway.....Sub.....Phillips.....Sub.....Lepine Carson.....Sub.....Laroche Emms.....Sub.....W. Boucher and LaFrance

SUMMARY: First period—1, Montreal, Noble, 5.30. Second period—2, Canadiens, Leduc, 4.33. Overtime period—3, Montreal, Stewart, 4.16.

PENALTIES: First period—Stewart, Gange, Noble and Carson. Second period—Munro, Leduc, Joliat, Gange and Broadbent (2).

Third period—Noble, Stewart (2); Joliat, Boucher (2); Dutton, Munro, Mantha, Leduc, Siebert and Moran.

Ottawa, Nov. 22.—With a torrid closing minute attack Ottawa Senators swept the New York Americans before them and afflicted the invaders with a 2 to 1 defeat in a match here Saturday night that opened the National Hockey League schedule for this city.

The teams were so evenly matched that the end of the regular minute playing time found them deadlocked with one goal apiece. In the overtime, however, the Caps' "iron six" that furnished such a gruelling fight for the league title last season, rose to its former heights and completely subdued the Gothamites. It remained for Cy Denennay, pugilist, to win the game, while "Red" Dutton, captain of the winning team, scored the extra period goal.

His Excellency, Lord Willingdon and party which filled the Governor-General's box at the Auditorium, together with some 6,000 other fans, who witnessed the opening game, rose to their feet to cheer the victors forward for his play.

The first two periods which went scoreless, saw both sextettes, employing one man tactics. Little combative work was in evidence as is usual so early in the season, and then

## Sunderland Back In Lead After Hotspurs Battered By Burnley

Tottenham Played in Terrible Luck, Several of Players Leaving Field

Heavy Weather Plays Havoc With "Gates" Again; Burnley Now Second

London, Nov. 22 (Canadian Press Cable).—The sojourn of Tottenham Hotspurs at the head of the First Division of the English Soccer League has been brief, and once more the senior department sees Sunderland adorning the throne which was theirs several weeks ago.

The Spurs went to Burnley on Saturday and after one of the most amazing games ever played they were overwhelmed by five goals to nothing. The Spurs played in terrible luck. For sixty minutes they played with ten men. For fifty-five with nine and for fifteen with eight. Casualties were heavy, with Tottenham the worst sufferers. First Poynton was injured in the back and retired. Then Lindsay and Lowe withdrew at half time, both being sent to nursing homes with the gripe, and finally Blair was forced to quit with an injured leg. The game, like all the contests yesterday, was played on waterlogged grounds. The heavy weather of last week again played havoc with the gates and no more than 420,000 spectators saw the league games. The bad state of the fields accounted for the surprising scores and the weakness of the defences.

As a result of their victory, Burnley were boosted into second place in the league. Sunderland's victory was something of a surprise, constituting as it did the first occasion on which Arsenal have defeated this season at Highbury.

Glasgow, Nov. 22.—Motherwell retained their hold in the First Division of the Scottish League Saturday when they defeated Dundee United, while the Rangers continued to hold second place by scoring over Falkirk.

Chicago, Nov. 22.—Chicago Black Hawks won their second straight hockey game of the week, defeating the Boston Bruins 5 to 1, or Saturday night in a National Hockey League contest. The visitors were held scoreless until the final period.

During the last three minutes of play, Shore, who scored for Boston, gave the Bruins an extra thrill by roughing Fraser. Just before the gong Fraser shot the puck at Shore, starting a fight. A few players joined in but the bench warmers prevented a free-for-all fight.

LINE-UP: Chicago: Position: Boston: Lehman.....Goal.....Stewart Trapp.....Defence.....Shore Fraser.....Defence.....Cleghorn McKay.....Centre.....Herbert Wilson.....Wing.....Cooper McVeigh.....Wing.....Galtbraith Dye.....Sub.....Keata Briden.....Sub.....Hitchman Doraty.....Sub.....Oliver Traub.....Sub.....Coutu and Stuart

SUMMARY: First period—Chicago, Wilson, 1.57. Second period—Chicago, Wilston, 1.30. Third period—Chicago, 4.40; Chicago, Irwin, 1.55; Chicago, Dye, 2.50; Boston, Shore, 9.35.

Penalties—First period, nil. Second period—Cooper. Third period—Shore, Coutu, Traub, Fraser and Galtbraith.

Pittsburgh, Nov. 22.—Detroit was defeated 4 to 1 by the Pittsburgh Pirates on Saturday night in the Cougars' initial invasion of Pittsburgh as members of the National professional hockey league. All of the scoring was done in the final period when Darragh, McKinnon, White and Cotton made goals for the Pirates and Halderon registered for the visitors. The locals showed considerable improvement in team play over their first performance earlier in the week when they lost to New York.

LINE-UP: Detroit: Position: Pittsburgh: Holmes.....Goal.....Worters Loughlin.....Defence.....Conacher Burton.....Defence.....Smits Fredericksen.....Centre.....Milks Gordon.....Wing.....Arbour Sheppard.....Wing.....Durragh Foytson.....Sub.....White Duncan.....Sub.....Cotton Hart.....Sub.....McCurry Kitchen.....Sub.....McKinnon

## TENNIS CHAMP TO PLAY HERE

Seattle, Nov. 22.—William Pickens, associate of C. C. Pyle, sports promoter, announced here today that he had completed arrangements for Suzanne Lenglen, professional tennis star, to give exhibitions in the Pacific Northwest. She goes to Vancouver, B.C., and Victoria the last of this month from Denver, and then to Seattle and Tacoma, and Portland.

Mr. Pickens was in this city in conference with Keith Verley, secretary of the Victoria Lawn Tennis Club, yesterday. Just where the exhibition will be given has not been determined as yet, but those in charge are investigating to-day.

## Varsity Will Meet Queen's Through Win Over McGill Ruggers

Great Game on Snow-covered Field; Ottawa Rally and Defeat Balm Beach

Ottawa, Nov. 21.—Staging one of the greatest finishes ever seen on any football field, Ottawa Senators turned back Balm Beach here Saturday in the Eastern Canadian semifinal by a score of 7 to 6.

Entering the final period five points down the Senators fought the Beaches all over the field, and while they kept Beaches from passing centre except on one occasion, Miller placed his foot on the line and chalk up six points and give the locals the decision.

A packed stand went frantic as the locals overhauled the blue and gold, and when Starr made the tackle on Robertson that meant victory, the crowd went into hysterics.

The much-vaunted Beach-line gave the locals all sorts of trouble and a break in the opening five minutes put Ottawa on the defensive almost from the start. That reverse, however, put the fight into the Senators, and as the game wore on and Beaches fired the locals came stronger and struck their opponents like a storm in the closing fifteen minutes.

London, Ont., Nov. 22.—Royal Military College of Kingston and University of Western Ontario gridgers battled to a 2-2 tie in the first game of the annual inter-collegiate football finals before 5,000 fans here Saturday. The return game will be played at Kingston on Wednesday.

Montreal, Nov. 21.—University of Toronto rugby players will meet Queen's in the final play-off game for the intercollegiate title at Toronto next Saturday. Varsity entered the final Saturday by defeating McGill here in the semi-final before a crowd of about 13,000 spectators by a 12 to 2.

The game was fiercely fought on a gridiron that was half covered with snow. Conditions favored the heavy Toronto squad, while the light, speedy McGill team were held in their tracks on the stick field. Varsity deserved their win. They fought as a blue team has not battled all season. They made their breaks. Twice they missed touchdowns by a bare foot. Against them McGill struggled courageously. But Snyder on defence and Snyder and Trimble on attack were too much for the Red team. Varsity were keen from the start and took advantage of practically every chance.

Regina, Sask., Nov. 22.—Once again the Regina Pats will carry the standard of Western Canada into the Dominion junior rugby final. Following up their 9-7 victory over Edmonton a week ago the locals disposed of the Winnipeg St. Johns 26-0 Saturday afternoon, amid an icy wind that kept the attendance down to three hundred loyal supporters.

Edmonton, Nov. 22.—The Regina Rough Riders won the Western Canadian rugby championship and the right to travel East in quest of the Dominion title here yesterday afternoon when they defeated the University of Alberta squad by a score of 13 to 1. Weather, rather than the game, was decidedly poor. The mercury was around the zero mark and the teams met on an ice-capped

## Victoria City Lose By 7-0 in Mud Game With Nanaimo Team

By a score of 7-0, Nanaimo City defeated Victoria City in a Pacific Coast League soccer game at Nanaimo yesterday. The game was played in a sea of mud. An effort was made to have the game cancelled but the local team was on the way up the island when the telephone message came advising the Victoria boys to stay at home. The Victoria eleven could make no headway against the miners in the mud.

## Five Million Dollars of Horse-flesh Shows In N.Y. This Week

New York, Nov. 22.—The colors of seven nations formed a vivid background for the military display of the forty-first National Horse Show opening to-day at Madison Square Garden. Horse flesh valued at \$5,000,000 will be displayed this week. Cavalry officers of France, Canada, Belgium, Spain, Holland, Poland and the United States brought mounts of their unit here for one of the premier sporting and social events of the season.

Victoria College—Chapman, Nelson, Macmurelle, Shaw, Crawford, McMillan, Locke, Archibold, Knott, Brynjolfsson, Galtbraith, Hume, Wilson, Johnson and Player.

The University School vs. Pirates game scheduled for Saturday was cancelled.

The J.B.A.A. senior rugby fifteen, which has an enviable record as champions of the City and Island for the past eight seasons, made their first appearance in senior rugby this year on Saturday afternoon, playing against the Pirates at the Willows Park, and they won their game by a 10 to 0.

With a hard-fought team of boys the Bays drove through tough opposition and blanked the Pirates, whose desperate struggle through both halves could not stand up to the Bays' attack. The Pirates tried to try. Some of the best playing of some seasons was a feature of the game.

The game showed that the teams had not yet hit their stride, although their back divisions worked well at times and their packs showed signs of strength. The Bays have a young squad compared with last year. The Pirates have improved greatly since their last appearance. They played with more snap and followed up well.

Both teams lacked the right number of players. The Bays started off with thirteen and the Pirates with twelve, finishing up with eleven, when Pudge came down, and it was a small group of spectators attended.

PRESSED EARLY: The Pirates took the kickoff, but the play was forced into their territory, where, slowly but surely, the Bays came close to the goal line. Following a two-yard scrum Bennie MacMillan crashed over the line, but the try was not allowed as he ran over the line. The play then switched to the Bays' territory, where the fighting Pirates for a time remained, only to be driven back by kicks. Then MacMillan, luckier this time, went over. The kick for goal failed. The play continued first in one half then in the other for the entire duration of the game. The Bays were awarded free kicks in the Pirates' territory in the second half but the wind interfered.

Gold—that badly handicapped the players. Regina had quite an edge on the students and were well won their victory. They had a better time showed more variety in their plays, and Wilson, although he did not outkick Heat in the matter of distance, used better judgment and got better results.

## Chapman's Free Kick Saves Collegians In Hotly Contested Game

Wanderers and Victoria College Remain Undefeated in Intermediate League

J.B.A.A. Start Season With Win Over Pirates in Senior Rugby League

Buckling into a team that outweighed them and had been undefeated this year, the Victoria College fought to a three-all draw with the Oak Bay Wanderers in a bitterly contested rugby game before a crowd of nearly 2,000 at the Victoria High School grounds on Saturday. Both were undefeated when they met, and each maintained its honor and standing well, for the terms were even when the final whistle blew.

Victoria College will first win and one draw to their credit, made safe their standing for the premier position in the first half of the Intermediate League. Wanderers can do no better than tie them. They still have one game to play, while the College have finished their schedule.

Kicking with the wind, the Wanderers commenced an early offensive and pressed hard in the first few minutes of play. Timely kicking, however, pushed them back, and for a time the College did its share of pressing. There was weight in the Wanderers' scrum that at first seemed to overwhelm the Collegians and after their first dashing attack, they suffered a sudden relapse and were driven header-skeiter into their own area. There the Wanderers pressed, twice forcing a safety touch.

With the wind against them the College backs had some difficulty in gaining ground with their kicks. They managed, however, to clear their line at last and reached centre field.

Two minutes before half time the Wanderers' line took the ball. A cross-kick gave them a lead in the race for the far corner of the field, and they sprang into it. College men in pursuit. As a runner went down the ball passed on and at length came to the speedy Farrer. By inching his way over the line on the far wing. This was the first try scored against the College this season. The kick failed.

The second half started with the Wanderers pressing. It did not last for long. With the wind at their backs and the bitterness of defeat starting them in the face, the College pressed and normal kept close company in the first half and only a single kick separated them at the end of the half. This was a free kick awarded far out on the wing. Chapman wiped his hand on the ball carefully, took two short steps, kicked and evened the score.

The College continued to press. The game was theirs, so it may be said in the last half, but the Wanderers had just the strength to keep them from going over and adding to their last half.

The teams were: Wanderers—Noel, Rutten, Harrison, Haynes, Henderson, Farrer, Diespecker, Muhrav, Russell, and Player. College—Chapman, Nelson, Macmurelle, Shaw, Crawford, McMillan, Locke, Archibold, Knott, Brynjolfsson, Galtbraith, Hume, Wilson, Johnson and Player.

College—Little, Hume, Thomas, Knott, Tervo, Johnson, Dunsmore. C.P.S.—Bachus, Isherwood, Newell, Holness, Storey and Griffiths.

Sunday School League games played at the Memorial Hall, resulted as follows: Junior Girls—Christ Church 10, Centennial 4.

Intermediate Girls—Fairfields 13, Harmony 1. Intermediate B Boys—Eagles 14, Crescents 12.

Senior Girls—Redbirds 9, Mets 9 (two periods of overtime, as indicated by the score was exciting. Although the teams played two periods of overtime, they were unable to settle their differences. Close checking was the order of the day, and it was seldom that a player was able to break away for a score.

The intermediate boys' fixture was also close, the Eagles just nosing out the Crescents by two points. The Junior and Intermediate girls games were more or less one-sided.

The competition held at the Uplands Golf Club yesterday resulted in a tie between A. C. Falk and C. Morrison, who were one down; A. H. Hecol was second, two down, and R. Fouls and A. Leigh were next, being three down. The competition was match play against par with the full handicap allowed.

The Bays gained another three points when Stanton, a brilliant solo run, placed the ball between the posts. The Pirates came within an ace of scoring several times but brilliant tackling on the part of the Bays' backs always saved the situation.

Referee Baum handled the whistle and the teams lined up as follows: J.B.A.A.—Stanton, Wall, Abbott, Yer, Goodacre, Caviness, Webster, McMillan, McLean, Watson, Buller, Miller, Johnson and Mawhood. Wanderers—Page, Grubb, Murray, Davidson, Diespecker, Pendray, Florence, McRae, Fanning, Chundranes, Reales and Moss.

## MAORIS RALLY AND BEAT BLACKHEATH BEFORE THE PRINCE

London, Nov. 22 (Canadian Press Cable).—The New Zealand Maoris overcame Blackheath by nine points to five Saturday when, after the Londoners had blanked them in the first half, the Maoris spurred in the second and brought victory out of what seemed like certain defeat. The rugby game was graced by the presence of the Prince of Wales.

In the opening session strenuous play by the London club was rewarded by a try scored before the interval when Pratton dashed over for a try which Kemp converted.

In the second half Maoris were rewarded by tries scored by Manthors, Dennis and Rika.

City Hoop League Off To Start With Exciting Contests

Games Played at Y.M.C.A. Saturday Were Very Close; C.P.S. Beat Onwegos

Except for one game in which the scoring was practically all the City Basketball League at the Y.M.C.A. on Saturday night, were well contested. The senior men's "A" game went overtime before the winners were decided and but a single point separated the Navy and A.O.F.

The results were: Navy 17, A.O.F. 16. Normal senior girls 20; College 10. C.P.S. Seniors 26, Onwegos 20. Victoria College 74, C.P.S. Intermediates 7.

After a tight battle throughout the senior game, the C.P.S. and Onwegos stood on even terms at 20-20 when the whistle went for full time. In the five-minute overtime session the lumbermen counted six points while the churchmen were scoreless.

The teams were: C.P.S.—Fagerberg, Greenwood, Davis, Carlyle, Woolledge. Onwegos—Stewart, Bell, Skellings, Derbyshire, McCann and McCreadie. FORESTERS PICKUP

Baker's fine shooting kept the Navy ahead in the opening tussle and they had a comfortable lead at the interval. The Foresters picked up in the second session but were unable to overtake their opponents being one point in arrears at the finish.

The teams: Navy—Barber, Burdon, Robinson, Baker, Freeman, Dickinson, Burr, Stagg. A.O.F. Vetch, Main, Langley, Fisher, Fritzel and Halman.

In the senior girls' game the College and Normal kept close company in the first half and only a single basket separated them at the end of the half, the score being 6-4, in favor of the Navy.

Art Hole refereed and the teams were: Normal—Stevens, Harris, Campbell, Weinberg, Jeffries, Goddards and Mahoney.

College—Welsh, Hill, Worthington, Cuckshanks, McGawley, and Copeland.

The C.P.S. were absolutely outclassed in the Intermediate "A" fixture and registered but seven points while the College ran their total up to twenty-two.

played fine combination against the less experienced opponents and their shooting was always dead on the basket.

The teams were: College—Little, Hume, Thomas, Knott, Tervo, Johnson, Dunsmore. C.P.S.—Bachus, Isherwood, Newell, Holness, Storey and Griffiths.

Sunday School League games played at the Memorial Hall, resulted as follows: Junior Girls—Christ Church 10, Centennial 4.

Intermediate Girls—Fairfields 13, Harmony 1. Intermediate B Boys—Eagles 14, Crescents 12.

Senior Girls—Redbirds 9, Mets 9 (two periods of overtime, as indicated by the score was exciting. Although the teams played two periods of overtime, they were unable to settle their differences. Close checking was the order of the day, and it was seldom that a player was able to break away for a score.

The intermediate boys' fixture was also close, the Eagles just nosing out the Crescents by two points. The Junior and Intermediate girls games were more or less one-sided.

The competition held at the Uplands Golf Club yesterday resulted in a tie between A. C. Falk and C. Morrison, who were one down; A. H. Hecol was second, two down, and R. Fouls and A. Leigh were next, being three down. The competition was match play against par with the full handicap allowed.

The Bays gained another three points when Stanton, a brilliant solo run, placed the ball between the posts. The Pirates came within an ace of scoring several times but brilliant tackling on the part of the Bays' backs always saved the situation.

Referee Baum handled the whistle and the teams lined up as follows: J.B.A.A.—Stanton, Wall, Abbott, Yer, Goodacre, Caviness, Webster, McMillan, McLean, Watson, Buller, Miller, Johnson and Mawhood. Wanderers—Page, Grubb, Murray, Davidson, Diespecker, Pendray, Florence, McRae, Fanning, Chundranes, Reales and Moss.

## Esquimalt Keep At Top With Easy Win Over Saanich Boys

Dockers Have No Trouble With Thistles, Beating Them By 7-1

Westies Jump Into Second Place in P.C.F.L. by Defeat of James Island

For their third straight win in the series, Esquimalt overwhelmingly defeated the Saanich Thistles in the P.C.F.L. second division game played at the Royal Athletic Park on Saturday. The score was 7-1. They have now won the full points in the first half of the series and head the standing with six points. The Westies, by virtue of a thrilling 3-2 win over James Island on the latter's home ground, jumped into second place with three points. James Island are third with two points and the Thistles last with one.

After a scoring rampage in the first half which netted them all their points, Esquimalt were content to lay back and hold their opponents away from their goal during the second session. All the tallying was done in the first stanza. Burns saving the Thistles from a whitewash by a well-earned goal fifteen minutes after the start.

GROUND HEAVY: Despite the slippery and heavy ground, making the passing uncertain, the game looked as if it was going to prove close as the teams opened up. The Thistles employed their usual tactics, which seemed to be useful on the wet ground. Esquimalt got their forward line working smoothly after the first few minutes and were all set for a spate of goals.

Esquimalt worked hard to discount this and, when Burns nipped the ball up after an attempt to clear by an opposing back, he was able to boot it home for the tying count.

Esquimalt then took charge of the play and were continually in the Thistles' territory. Ernie Warren scored their second goal and after that the goals came thick and fast. Coulter registered the third, and one by Wagland, another by Warren and two by John Watt completed the rout.

In spite of the big score against them the Thistles fought hard in the second half but against the stonewall defence put up by the dockers, they were unable to score. The Esquimalt forwards were a sea of time and rarely made concerted attempts to score.

Oliver refereed and the teams were: Esquimalt—Bridges; Joe Watt and Messier; Spiers, Hay and DeCosta; Stewart, John Watt, Coulter, Warren and Wagland.

Saanich Thistles—Harper; Campbell and Kennedy; Miller, Cameron and Kelman; Campbell, Minnie, Burns, D'Arcy and Thomas.

Pat Mulcahy, the Wests' inside-right, was the hero of the encounter at James Island, netting the winning tally two minutes before the final whistle. Pat was also credited with the first goal of the game.

The inside right of James Island on the Wests' forward division did a lot to help them put over their win. Shegarratt played at centre-forward and had his wings working in perfect unison.

TWO IN FIRST HALF: Play had been in progress for fifteen minutes when Mulcahy drove home the first tally. Shegarratt added another with a sizzling drive which was too much for Rodgers, leaving the Wests with a 2-0 lead at the end of the half.

In the second half the Islanders began to show form and Savill registered their first counter ten minutes before time. Bob Preston tied the count, scoring on a penalty shot. Mulcahy's winning goal came as a result of a miskick by an Islander fullback. Mulcahy rushed in, a fumble resulted, and the ball rolled into the net.

Saunders refereed and the teams were: Victoria West—Whyte; Dunn and Watson; Harwood, Wright and Fopham; Connorton, McEwen, Shearatt, Wood and B. Shanks.

James Island—Rodgers; Carter and F. Aldous; G. Preston, R. Preston and Bowman; G. Aldous, G. Southern, Southern, Saville and A. Inglis.

JUNIOR RESULTS: Esquimalt United and the Y.M.C.A. played to a hard-fought draw in the game at Victoria West Park. The score was 2-2.

The Five C's defeated the Saanich Rovers 4-3 at Beacon Hill. In the juvenile game at Willows Park the Three C's defeated the Willows Rangers by 1-0.

Musgrave Is Winner: A. S. G. Musgrave was the winner of the third monthly competition of the Victoria Golf Club on Saturday. The leading scores were:

A. S. G. Mus

# Wall Street TO RAY

## Last Minute News on Stocks and Financial Affairs

New York, Nov. 22.—(By R. P. Clark and Company).—Trading activities were confined chiefly to special issues, with Baldwin the early feature at rising prices. Later steel common became the market leader. The demand for the featured issues reflected covering operations. Oil shares were backward early as a result of the decision to discontinue the pro-rating programme in the Seminole field and the higher California production figures. Cartons were without special feature, but General Motors and Hudson were prominent in the motor group and the demand for these issues was also due to covering. Some of the trade barometers are less optimistic just now, and reports of curtailment in the steel industry accounted for considerable pressure on the premier steel last week and the recovery was apparently due to some evening up business.

The market is still dominated by the professional trader and is more of a selective affair, and while sharp rallies in special issues may be featured from time to time as a result of an over-optimistic condition, the market generally speaking reflects the probability that a heavy load has been placed on it recently.

New York, Nov. 22.—(By R. P. Clark and Company).—Direct Wall Street Wire.—The Wall Street Journal's stock market edition this afternoon says: Price movements in the opening session of the week demonstrated that the constructive factors in the economic situation were still in the ascendancy.

With the advent of cold weather, retail reviews were to the effect that greater acceleration, particularly sales of closed automobiles, was evidenced. Sugars and textiles continued to respond to improved trade conditions while mercantile issues, like Kresge and Woolworth, showed the influence of optimism regarding the outlook for the Christmas holidays.

Sharp advance occurred in several special issues like Air Reduction, Commercial Solvents B and General Asphalt.

Equipment were in demand on the theory that the new year will see at least as good or perhaps better business.

Last week's meetings of the two big railroad executives organization and the annual meeting of the Railway Business Association brought much discussion of the adequacy of present railroad plants, particularly the motive power and rolling stock.

The opinion was fairly general that despite increasing efficiency and more intensive utilization of facilities the margin of capacity had become thin.

It is felt that the railroad industry has been over-extended in the past and that the necessary growth through stock issues rather than additional bond issues.

New York, Nov. 22.—Whitney to-day says: At the present time the general market refuses to follow the hammering of Steel and General Motors, and this is accepted as a sign of a market that a bottom in being made again, and that the bear campaign in steel and market leaders will be defeated and sound stocks again resume the rally. It is felt that the market which is in the market to be firmly built, but during the building process sound stocks should be held.

New York, Nov. 22.—Stocks are discounting the falling off in trade throughout the country.

Money continues to provide the main play of what bullish sentiment exists in the Street. As a whole, the market has lost more ground than expected, but looking over the general business situation there appears to be no reason for genuine uneasiness. There has been persistent declines in commodities.

Crude oil production week ended Nov. 20 averaged 16,700 daily, an increase of 1,700 daily over previous week. Los Angeles output 27,000 barrels daily, increase of 1,000, due to the completion of a new well at Soabach.

New York, Nov. 22.—A special stockholders' meeting of the Atlantic Coast Line has been called for December 12 at Richmond, Va. to vote on the proposal to increase the common stock by \$24,000,000 and immediate offer to stockholders of \$11,700,000 at \$100 a share, or five basis of one new share stock for every five now held.

New York, Nov. 22.—Rubber stocks in London totaled 44,553 tons on Nov. 20, an increase of 1,254 during the week.

New York, Nov. 22.—Ingersoll Rand, including subsidiaries, the quarter ended September 30, earned \$2.25 a common share, and in nine months \$8.16 a common share.

## A SERIAL STORY

## "The Unwilling Adventuress"

By MILDRED BARBOUR

No, he couldn't cut such a figure, no matter what he'd done in the past; no matter that his whole heart was given to Doris. He couldn't have her. Therefore he had much better compromise with duty and honor.

"Will you marry me, Camilla?" he asked quietly.

## Chapter LXVI

Doris was curled up on the window seat of a room in an obscure pension in a section of Paris remote from her former apartment and her previous haunts.

It was Spring again—the intimate Paris Springtime. She could see a strip of languorous blue sky above the colorful roofs that are so completely Paris. Her windows opened out on a flagged courtyard where flowering window-boxes struggled bravely. The sparrows chattered over a crust of bread on a ledge and a third ruffled his feathers in an attempt to bath in a tiny pool of water in a rain gutter.

She watched them idly for awhile and then picked up again the newspaper which she had been reading.

In the social notes from the Riviera, she had found a paragraph announcing the engagement of Jack Hartley and her cousin Camilla. The marriage, it was stated, would take place shortly in Paris, and the couple would sail immediately for a honeymoon in America.

Doris wondered why the announcement affected her so queerly. The brightness of the Spring was dimmed. She felt suddenly a little tired and listless.

But, she told herself, she should rejoice that Camilla was at last to marry Hartley.

Did she herself still hate Hartley? The answer came hesitantly: "Of course!" After the episode of the chateau, had she not more reason than ever for detesting him?

But that queer, wistful, little ache in her heart?

Was that because she had read that Camilla and Hartley were going back to America? Were going home—America?

She closed her eyes and envisioned her homeland in the Spring and Summer time. Paris was wonderful, she thought, but Paris meant hours and hours of hard work at the piano, strengthening, molding the voice which was not quite ready for its supreme test.

And afterward—more work, concert tours, no peace, no rest, no such as she had dreamed of in the past when her girlhood fancies had flourished.

How long ago it seemed, she thought idly, while her slim fingers twisted the open newspaper in her lap!

How long it was since she had last seen Hartley or Camilla!

So many days had passed in quiet, untroubled fashion since the morning when Hartley had taken her to the roof of the old chateau and they had been almost friendly in spite of the past, which was always rearing an unpleasant head when they met.

That was the last time she had seen Hartley. He had been called away to the Riviera that very afternoon. Now, she would never see him again!

She recalled, with a tiny smile, her flight from the chateau, through the frightening shadows of the park, the

motor that had overtaken her on the road, the friendly voice through the darkness.

After all, it was not that of a pursuer—merely a passing motorist, who had offered her a lift. She couldn't remember his name now, though he had driven her all the way to Paris. She had gone straight to her lawyer and told him that she wanted to get away from all her old acquaintances and continue her voice studies undisturbed in some quiet place. He had asked no embarrassing questions. He had merely arranged for the disposal of the apartment opposite the Luxembourg Gardens, the transfer of her personal belongings, the discharging of the faithful Marie.

She had come to her present quarters far from her old haunts. She had even dropped her name, calling herself by her mother's maiden name, Elaine Young. She had decided to make that her professional name. She was ready for a new theatre now. Already she was singing in concerts and she had been engaged as understudy to the great and, alas! robustly healthy Madame Rosetta, star of the Paris Opera.

It was quite like Doris not to have mentioned that she was the daughter of the famous "Elaine Vanessa," whose melioric opera-career had been curtailed by marriage with Edgar Mackay and ended forever by death some twenty odd years before.

If Doris' teachers were astounded by the brilliant talent of the obscure little American student, who seemed only half-hearted about her desire for success and exhibited no temperamental, or jealousy, or burning ambition, it was not in Doris' character to enlighten them. She had her job as understudy to the great prima donna mainly because that temperamental and suspicious lady was convinced that she had no dangerous rival.

In fact, Doris rather shrank from public appearances. She avoided the cafes and restaurants where her old associates gathered. She was like a little ostrich, having supreme faith in the protection of her chosen sand hill. So, naturally, she could not know the gossip and conjecture going the rounds of the boulevards.

She only knew that the Count Romeo was not in Paris and she had escaped an unwelcome marriage. She supposed he had given her up, after she read in the papers about his interrupted duel with Hartley. She had also read of the burning of the chateau and she knew that she was the mysterious young woman referred to in both the account of the duel and the destruction of the chateau. Of course, all her intimates would guess that she was the girl in the case. Once more, as her Aunt Elsie put it, she had "achieved notoriety."

On the day Doris' personal effects had been sent from her former apartment, she had missed the little ebony box, which had held so many dangerous secrets all unknown to herself.

That troubled her. Unless the Count had taken it himself, it would seem to argue that the Secret Service man had entered her apartment during her absence and possessed himself of evidence which might, or might not, be worthless. Doris herself didn't know.

(To be continued)

## BEDTIME STORY

## Uncle Wiggily's Pumpkin Pie

Copyright, 1926, by McClure Newspaper Syndicate

By HOWARD R. GARIS

Such a wonderful pumpkin pie as it was! Nurse Jane Fuzzy Wuzzy had baked it for Thanksgiving, and Uncle Wiggily Longears, whose pie it was to be when Thursday came—why, the rabbit gentleman could hardly take his eyes from it.

"Oh, I just know I am going to enjoy that pie very much!" said Mr. Longears as he stood on the back stoop looking at the light brown crust and sniffing the delicious smell.

Now it might seem strange, unless I told you why, that a pumpkin pie should be out on the back stoop, as if waiting for the milkman's horse to

"Oh, you pumpkin pie!" and Uncle Wiggily waved.

come plop-plop-plop along. But the reason was that Nurse Jane had baked the pie and it had been set out to cool.

"I can hardly wait for Thanksgiving to come!" laughed the bunny rabbit as he twiddled his pink nose at the pumpkin pie. "I think to make the time pass more quickly—I think I shall hop along, look for an adventure and tell all the friends I meet about the treat I am going to have."

"Oh, you pumpkin pie!" and Uncle Wiggily waved his paw at the pie on the stoop.

Over the fields and through the woods he hopped.

"Why do you look so jolly to-day?" asked Mr. Stubbail, the bear gentleman, who was shuffling along through the forest, looking for a warm hollow tree in which to curl up and spend the Winter.

"I am happy because I am going to have pumpkin pie for Thanksgiving," answered the bunny. "And I am also thankful."

"I wish I had a pumpkin pie," sighed Mr. Stubbail.

"You are quite welcome to come to my hollow stump bungalow and have some of mine," invited Uncle Wiggily, who was the most generous rabbit in all the world.

"Thank you, I'll come," growled the bear gentleman. He did not growl because he was cross, but because that was his way of speaking.

On hopped Uncle Wiggily, and pretty soon he met Mr. Twistytail, the gentleman pig. The bunny told the pig about the pumpkin pie and also invited Mr. Twistytail to come to the Thanksgiving feast.

"I'll come and I'll bring my wife and Curly and Twisty and Squeakie Squealer, my little pigs," grunted Mr. Twistytail. "We are all fond of pumpkin pie."

When Mr. Twistytail had waddled

along, Uncle Wiggily began to scratch his pink, twinkling nose. "I don't know about this," murmured the rabbit gentleman to himself. "Here I've gone and invited Mr. Stubbail to have some of that pie, and I've invited Mr. Twistytail, and he's going to bring his whole family. Though I didn't invite them, I couldn't tell him not to let them come. And there is only one pumpkin pie. Whew! I'm afraid I have gotten myself in trouble. And bears are always so hungry! And pigs, too! What shall I do?"

Then Uncle Wiggily looked across the field and, growing amid some

shocks of corn, the bunny saw a large yellow pumpkin. At this his eyes glistened.

"I know what I can do!" said Mr. Longears. "I'll roll that big pumpkin to my bungalow and have Nurse Jane and my wife make a lot more pies. Then there will be enough for Mr. Stubbail, Mr. Twistytail and his family, and for me and my forty 'leven little bunnies."

No sooner said than done. Uncle Wiggily nibbled the big yellow pumpkin loose from its stem, and began to roll it toward home, for it was too heavy to carry. But, oh, such troubles as he had!

The pumpkin rolled away from him and he had to chase it. Once it toppled over on his paw and he could hardly pull himself loose. And another time the pumpkin, nearly bumped into Aunt Lettie, the goat, and made her nervous. And toward the end the bunny got the pumpkin to the top of a hill near his bungalow and let it roll down. And the yellow vegetable for pies smashed all to pieces against a big rock.

"Oh, dear! Alas! How unlucky!" sighed Uncle Wiggily.

"Why did you roll that pumpkin down hill?" asked Nurse Jane.

Uncle Wiggily told her about inviting the bear and pigs to help eat the pie. "I know one pie wouldn't be enough," he said. "So I—"

"Ha! Ha!" laughed the muskrat lady housekeeper. "As if I would only bake one pumpkin pie for Thanksgiving! Look here!" And she showed Mr. Longears where, in the pantry, there were a dozen pies.

"Well, I'm glad!" laughed the rabbit gentleman. "Even if I did have all my work for nothing." And if the poodle dog doesn't get the comb so tangled in his fur that it won't come out, I'll tell you next about Uncle Wiggily's molasses candy.

## A. R. Heiter Retires As Bank Manager

Appointment of G. H. Stevens as manager of the Government Street branch of the Royal Bank of Canada is officially announced. He succeeds A. R. Heiter, who has been ill for some time, and is now retiring on

pension after seven years in the Victoria office.

Mr. Stevens has been in charge of the main Victoria bank for some time. He came here from Vancouver, where he had been manager of lower mainland branches, and then inspector of British Columbia branches. Before that he was with the bank in Montreal and Toronto.

Mr. Heiter will make his permanent home in Victoria. He plans a health trip first.

## "FROM THE TRENCH TO THE BENCH"

The above will be the subject of a talk, illustrated by eighty lantern slides, to be given by H. W. Hart at the Metropolitan United Church schoolroom at 8 o'clock on Monday evening, November 22.

Songs by S. Petch. Pianoforte selections by Miss Mildenhall. Under auspices of Metropolitan Young People's Society. ADMISSION FREE

## CHANCES UNLIMITED FOR YOUNG MEN, SAYS BIG MERCHANT

"Wish I Were Fifty Years Younger," W. E. Earle of St. John Asserts

He Completes 10,000 Motor Trip Across Canada to Victoria

"Every young fellow here ought to be glad he is in Canada with such opportunities open to those who will work and accept them. A young man in Canada or United States can do anything he wants to, achieve anything he aims at. If he will only work and work honestly, I wish I were fifty years younger."

W. E. Earle of St. John, N.B., sixty-eight-year-old Canadian merchant, who has been in Victoria since 1924, and this improvement is continuing progressively, I find from an examination of conditions and reports from our branches.

"Yes, I am still young with this country, and I am planning thirty years more work ahead."

Mr. Earle and his party spent some time in the interior of British Columbia, and while at Cranbrook experienced all the thrills resulting from the herd of stampeding elephants there.

"Those elephants have put Cranbrook on the map," he added. The party crossed to Nanaimo from Vancouver, and then down the Island Highway to Victoria.

He is the head of the Earle Company Limited of St. John, and of subsidiary companies operating in the household-furnishing business across the continent under eighteen separate charters. Before the war this Canadian company operated through branches in every continent except Asia. In Vancouver the Earle interests operate under the name of Columbia Furnishings, in Edmonton as the Standard, and in Victoria as the Douglas. The long trip by motor across Canada started on April 17. Mrs. Earle and their son are in the party.

At Regina Mr. Earle said that he was asked to sign the petition for the Hudson's Bay Railroad. Being from St. John, the winter port of Eastern Canada, Mr. Earle at first was hostile to the suggestion, he explained, and started on a long argument about it.

"But now on this trip through the West, when I see the enormous production of the country, the tremendous increase in wheat production, and consider how many years ago, and what it will be in a few years hence, I realize that it would be a crime against the development of this Dominion to block any proposal for the marketing of our products," Mr. Earle went on. "There will be lots of wheat and business for all our ports. Production is growing so fast and will grow even much faster in the next few years as the United States becomes a wheat-importing country."

Prince Rupert, Vancouver, Victoria can commence shipping grain, and yet St. John can still go on and

**Before You Buy**  
Studebaker Custom Models  
Jameson Motors Ltd.

Distributors  
740 Broughton St. Phone 2248

increase its shipping because of the increase in Canadian production. "I was brought up a Conservative through Tory generations back in England and fed on the National Policy of Sir John A. Macdonald as on bread and milk, but when I travel across Canada and read economic and get broader ideas, I can't but feel that if we were clever enough to throw down our tariff walls and develop our great natural resources—what progress we would make as a country."

—as am convinced that it would be better for us to develop naturally, encouraging development of our agricultural and other natural resources first, instead of putting on high tariffs to build up great cities, which are thus artificially imposed on the country, and for which, the producers of the country have to pay.

"The northern races always govern the world, and when Canada fills up with population—well, I would just like to be able to come back and see this country a few generations from now."

There has been a steady improvement in business across Canada since November, 1924, and this improvement is continuing progressively, I find from an examination of conditions and reports from our branches.

"Yes, I am still young with this country, and I am planning thirty years more work ahead."

Mr. Earle and his party spent some time in the interior of British Columbia, and while at Cranbrook experienced all the thrills resulting from the herd of stampeding elephants there.

"Those elephants have put Cranbrook on the map," he added. The party crossed to Nanaimo from Vancouver, and then down the Island Highway to Victoria.

## SEED GROWING WILL BE BIG BRANCH OF B.C. AGRICULTURE

Industry Has Large Future, Experts Predict, Pointing to Exhibition Here

All Conditions Here Right for Production of Finest Kinds of Seeds

The importance and possibilities of seed and bulb growing as an industry in British Columbia are stressed in a bulletin just issued by the Provincial Department of Agriculture, and which is considered timely in view of the Potato, Bulb and Seed Show to be held here from November 24 to 27. The bulletin follows:

"Big crops from little acorns grow. The fact is admitted. From a small beginning it is hoped that the bulb and seed industry of British Columbia will one day rank with the other important branches of agriculture both in extent and value. At the present time it is in the acorn stage."

**MANY BULBS NEEDED**  
"Take for example the growing of bulbs. Nearly every individual interested in gardening, either in a professional or amateur way, plants bulbs; and when we speak of bulbs we mean everything from the early crocus to the lovely lily. At the present time a large percentage of bulbs are imported from Europe. Department of Agriculture figures show that in 1924 there were 2,785,953 bulbs of various kinds brought into the Province and that this quantity was increased in 1925. The importations will continue indefinitely, but there is no reason why the quantity should increase, particularly when certain sections of the Province are so well able to grow bulbs equal to the imported stock."

**SEED GROWING**  
"Our seed industry is also worthy of mention. British Columbia with its excellent soil and unexcelled climatic conditions is known for the superior quality of its vegetable and flower seeds. Other countries have larger acreages, but none produce seeds that are superior to those grown in British Columbia, either in appearance or germination. This fact is recognized on the British market to-day and the major portion of the flower seed produced in the Province is sold on the Old Country market. At present our acreage in both flower and vegetable seeds is small. Five years ago it was practically nothing, but like the bulb acreage it is growing steadily. Both are in the acorn stage. There is no reason why in the future it should not reach the oak stage."

"The importance of this work, however, can be best seen at the Bulb and Seed Show which is being held in Victoria this month. Those who are interested should visit the show, look over the exhibits, talk with the growers, and attend the lectures dealing with this work."

## SPEAKERS TO TELL OF RED CROSS WORKSHOP

Under the auspices of the Metropolitan Young People's Society an illustrated talk entitled "From the Trench to the Bench" will be given at the Metropolitan United Church schoolroom to-night at 8 o'clock. H. W. Hart declares that "it will not be a lecture but a simple 'Hart to heart' talk illustrated by many interesting slides and helped out by vocal and instrumental numbers. The picture story will follow the wounded from the actual trenches in France to the Red Cross shop in Victoria where disabled men overcome all obstacles and perform useful work."

S. Petch, an employee of the shop, will render vocal solos and selections on the piano will be given by Miss Mildenhall, and another employee, Major S. Okell will give a brief account of the administrative side. H. A. Bowden will operate the lantern.

## COUNCIL SEATS IN KEEN DEMAND AT CIVIC POLLS

Ten Names Entered for Five Seats With Prospect of Further Candidates

Three Trustees and One Commissioner to Be Chosen Also

With twice as many candidates as seats in the council contest, and a ratio of three to one in the police commissionership, polling at the civic elections is expected to evoke considerable interest this year. For school trustees five officers will be chosen for three vacancies. The office of mayor remains uncontested at this date, and the return of Mayor J. C. Penderay by acclamation for a final term is generally conceded.

James Adam, E. B. Andros, John Day, H. O. Litchfield, M. B. Wellburn and John Worthington offer themselves for council seats in addition to four retiring members of the 1926 council who will seek re-election, namely, Aldermen J. B. Clearhues, W. H. Cullen, F. R. Brown and J. A. Shanks. Five aldermen will be elected to join five now on the council and who continue in 1927 after election on two-year terms last year. Five have entered their names for the school trusteeship, including two retiring members of the board, Trustees George Jay, the chairman, and Trustee W. C. Moreby. P. E. George, J. S. McMillan and W. T. Straith are entering the field, three to be chosen from five now in the running.

In the police commissionership contest three names are entered for a single seat, that to be vacated by Commissioner W. C. Moreby. E. B. Andros, Mr. Stansland is standing for re-election, opposed by Andrew McGavin and W. W. Hall.

In addition to the election of candidates for office voters on December 2 will be asked to mark their cross on the city manager question; to decide whether they want a manager with full powers, one with limited authority, or no manager at all. Nominations will take place between noon and 2 p.m. on December 2, with polling between 9 a.m. and 7 p.m., December 3.

## FOXES OF PACIFIC SLOPE ARE SECOND TO NONE IN CANADA

Silver-black Fox Raising Is One of Most Lucrative Industries

Vancouver Island Breeders' Association Will Further Island Breeding

Foxes are native of almost every country on the globe, apparently thriving as well in the tropics as they do in the barren, icy regions of the North. They are of various colors, such as the common red, white or black fox, but the aristocrat of foxdom, the handsome silver-black fox, is native only to Canada, and it is here that breeders of this magnificent animal throughout the world must look for their foundation stock. Those breeders wishing to renew the blood of their present stock will constantly look to Canada for new blood.

As the wild foxes are being rapidly depleted and the demand for their handsome furs increase, the industry is destined to assume an important place throughout the Dominion. Some idea of the amount of this depletion of wild fur-bearing animals may be had when it is known that some 4,000,000 wild animals were taken in Canada alone in a single year.

**DEN IN PAIRS**  
Foxes in the wild usually den in pairs, male and female. Similarly they pair off in captivity and rarely will they mate with another fox that year. For this reason breeders mate them when young and usually leave them so mated during their period of usefulness about twelve years.

**\$10,000,000**  
Silver fox raising as an industry had its origin on Prince Edward Island, where, starting with but two pairs as a nucleus, it has developed into one of tremendous proportions, with something more than \$10,000,000 represented in the business. From this industry the island now receives the greater part of its revenue.

Probably no industry that has sprung into prominence within the last few years has attracted such world-wide attention as the domestic propagation of silver-black foxes. The industry has grown tremendously, and is now probably paying greater annual dividends on the investment than any other branch of agriculture.

It has been successfully demonstrated that the silver black fox that can be bred and raised on the Pacific slope is equal to none superior to the Eastern or Northern animal, so that it would appear a profitable industry for the ranchers and farmers of Vancouver Island and thoroughly investigate its possibilities. If Prince Edward Island has made it one of her foremost industries there is no reason why Vancouver Island cannot make it so. It is the hope of this small organization to reach out the length and breadth of Vancouver Island and so educate the farmers and ranchers that many hundreds will take up this lucrative business and join their forces with the association that has just been formed.

The Vancouver Island Fox Breeders' Association organized a provincial Fox Show, which was held in the Armory at Victoria, on Tuesday and Wednesday of last week.

show, gives much credit to the superintendent, D. M. McDonald, for its ultimate success. Mr. McDonald's indefatigable efforts are much appreciated by the association. Anyone wishing to obtain first-hand information regarding the construction of an up-to-date ranch will be given the greatest courtesy and all possible data by applying to the association.

## Five-pound Potato Gives Saanich Man Something of Thrill

A challenge to anyone to equal the potato he has grown on his country place at R.M.D. 4, Blenheim Road, was issued yesterday by J. A. Skayman. Mr. Skayman came into prominence a couple of years ago as the result of his experiments in cross-fertilization, which produced a hard No. 1 wheat in this coast climate.

"This challenging potato, which is

an Early Rose, weighs five pounds, and is the most marvelous potato I have seen produced anywhere," Mr. Skayman said. "It was grown in a heavy black loam. The result surprised me as I never knew that such a large potato could be produced. Really, when I dug it up I thought I must have struck a potato mine."

With the Walter Raleigh variety, Mr. Skayman has produced twelve potatoes weighing one pound each. He explained the advantage of the large five-pound potato, which would eliminate so much of the waste that goes in peeling the small potatoes. With the new large potato the cook can just slice off a piece as needed, like the butcher cuts off a steak.

# NASH

Leads the World in Motor Car Value

The illustration at the right shows how Nash encloses the entire front wheel brake mechanism, thus excluding all water, ice, and dirt.

No Extra Cost  
Standard Equipment

## Safest - Smoothest - Simplest 4 Wheel Brakes

This brake system is exclusive to Nash and was engineered to embody the finest features developed by foreign and American 4-wheel brake authorities as well as the superiorities worked out by Nash over an extended period of 4-wheel brake experience.

Among its chief advantages is the fact that the smoothly powerful performance of these brakes is never impaired by climatic changes. And being of the mechanical type they operate with invariable regularity at all temperatures.

They possess perfect automatic equalization, right to left, front and rear.

Thus Nash eliminates the possibility of the side-sway or skidding on wet or icy roads under rapid brake application which occurs with rear wheel brakes or partially-equalized 4-wheel brakes.

## The Romance of British Columbia—No. 57 1724-1926

FREIGHT WAGONS HAULING SUPPLIES ON THE CARIBOO ROAD

It would be a mistake to dismiss the days of the Cariboo trail's glory without giving mention to the great freight trains that continuously toiled over the dangerous way. It took nerve and skill to guide a team of sixteen mules or bulls along the sheer cliffs that rose from the dark canyon in which the mighty Fraser roared and seethed. No wonder the price of goods was high at the trading stores, for the huge population working in the hills had to be fed, clothed and outfitted from the contents of the groaning wagons, hauled painfully along the thread-like wanderings of the Cariboo road.

Transportation systems have improved today, and by steamer, rail and paved highway the familiar 4X Bakery Products are daily hastened to all parts of the province to save mothers baking. Order from your store or Shelly's.

**Shelly's  
bread**

CAKES • COOKIES • MACAROONS • ROLLS

**YOUR DAILY BREAD** With all the utilities and conveniences of today, we are apt at times to take many things for granted. How many, for instance, on seeing the familiar loaf of bread on the table, stop to realize the vast organization and machinery necessary to assure that this loaf reaches you, day after day, in its present perfect form? You will do well one day to accept an open invitation to visit Shelly's 4X Bakery and see your bread being made.
